

BRENDON POWERWASHERS®

BUILT TO LAST... DESIGNED TO PERFORM

BBW30KLi

BATTERY POWERED BOWSERWASHER

FEATURES & BENEFITS

- Lithium-Ion Battery Powered Brendon Bowserwasher
- Emission Free
- 52Vdc 11.5Kw/hr Battery Capacity
- Silent/Low Noise Operation under 82dB(A) at 1m
- 4 x Working Pressure modes 70 Bar = 6Hrs 140Bar = 4Hrs 200Bar = 1.5Hrs
- 40, 70, 150 & 200 Bar via simple selection switch
- Automatic Stop/Start on demand with sleep mode
- Proven High Quality Ceramic Piston Cat Pump
- Common wear items with existing Brendon machines
- Low Water/Dry Run Pump Protection with simple LED warning display
- Trigger/Hose Leak Detection Shutdown system
- 230/110V 1 Phase Onboard Charger with flashing LED display
- Typical Onboard Charge times 5%- 50% = 3hrs 5%-80% = 5hrs
- No More Engine Servicing / Fuel cost Superfast 415V Charger available 5%-80% under 1hr

SPECIFICATIONS

Model	BBW30KLi
Construction	Powdercoated Steel / Alloy
Motor	7.5Kw 48V IPM Motor
Pump	Brendon CAT45F
Pump oil	Hydraulic Grade 68
Drive	V-Belt Drive
Pump speed	1500 RPM
Unloader	PUV25 (250BAR)
Operating pressure	207 BAR / 3000 PSI
Maximum Flow	15 LPM / 3.3 GPM
Nozzle size	NZ15045
Battery	2 x 5.75Kw/hr
Battery type	Lithium-ion
High pressure hose	20M 400 BAR 3/8" HP hose
Sound power level	99dB LwA
Sound Level at 1M	82dB(A)
Sound Level at 7M	74dB(A)
Hand Arm Vibration	EAV <2.5m/s ²
Water Tank Capacity	940 Litres
Detergent Tank Capacity	28 Litres
Anti-Freeze Tank Capacity	15 Litres
