

Tire repair vulcanizers

Passenger | Truck | Agriculture | Industrial

www.fonmar.com

What if top-quality equipment and the best service could go hand in hand?

Fonmar combines our more than 40 years experience in tire repair business together with a young staff becoming more specialized. By this means, we are able to adapt the new technologies to the development of our machinery, meeting the requirements of our customers.

Our equipment is exclusively designed, innovated and manufactured at our premises, placed in Spain, from where we offer solutions to our customers worldwide.

All our products are CE-marked and we are ISO 9001:2015 certified, to ensure that the production process and the materials have gone through strict quality controls.

Trust Fonmar

Elite Range Vulcanizer by airbag

- Pressure and uniform temperature in the area to repair by means of airbag, flexible heating pad and external heating platens.
- Interchangeable aluminium moulds for a perfect adjustment of the tire and to avoid deformation.
- Repairs damages on shoulder, sidewall, tread and bead.
- Automatic control of the vulcanization process from the built-in controllers.

Retu-Reca Range Vulcanizer by means of cylinder

- Heating by means of external platens and pads placed inside the tire.
- Built-in controllers with automatic regulation of temperature, time and pressure.
- Interchangeable aluminium moulds for a perfect adjustment of the tire and to avoid deformation.
- Repairs damages on shoulder, sidewall and tread.
- Mobile cradle for an easy handling of the tire.

OTR	From 13.00 R24 To 20.5 R25

Elite R30

Further information and technical data

Truck	From 7.00 R20 To 495/45/ R22.5
Agricultural	From 325/70 R18 To 1050/50 R32
OTR	From 13.00 R24 To 35.65 R33

Elite R51

Further information and technical data

Agricultural
OTR

From 520/85 R38 To 1050/50 R32
From 16.00 R25 To 30.00 R51

Elite R63

Further information and technical data

Agricultural
OTR

From 520/85 R38 To 1050/50 R32
From 29.5 R25 To 59/80 R63

Mini-Retu

Further information and technical data

Passenger From 145/60 R13 to 245/40 R16

Retu 2500

Further information and technical data

Passenger From 145/60 R13 To 295/25 R21
Van From 165/60 R14 To 235/65 R16

Reca 2500

Further information and technical data

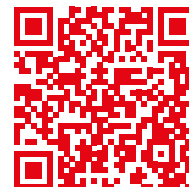

Truck	From 205/75 R17.5 to 445/45 R22.5
Agricultural	From to 520/85 R38
OTR	From 7.5 R15 to 20.5 R25

Reca 3000

Further information and technical data

Truck	From 205/75 R17.5 To 445/45 R22.5
Agricultural	From 325/70 R18 To 620/65 R38
