

The **NPORS Construction Site Safety Scheme (CSSS)** is a collection of health and safety training courses. These courses cover operative, supervisor and management training.

They support industry by providing the understanding and expertise to manage concerns, covering risks and environmental matters.

All courses in the Scheme have been approved and mapped by CITB allowing for grant claims and are recognised by Build UK.

**The NPORS Construction Site Safety Scheme:**

- **Site Safety Awareness (S001)**
- **Construction Site Safety Supervisor (S029)**
- **Construction Site Safety Supervisor – Refresher (S033)**
- **Construction Site Safety Manager (S031)**
- **Construction Site Safety Manager - Refresher (S032)**
