

Driving financial wellbeing

The psychology driving organisations to focus on financial health

Professor Sir Cary Cooper & Jeanette Makings

Important information and risks

Please note that this presentation is provided to you following the attendance of a Close Brothers seminar. The material is intended for you and must not be shared with anyone either inside or outside your organisation without prior permission from ourselves.

This material is for information purposes only. It is not intended to be relied upon to make any investment decision. Although the information herein has been obtained from sources believed to be reliable, neither Close Brothers Asset Management or any of its employees guarantee its accuracy, completeness or fairness. The most recent data has been used where possible. Except in so far as liability under any statute cannot be excluded, no member of Close Brothers Asset Management accepts liability (whether arising in contract, tort or negligence) for any error or omission in this document.

The information contained in this presentation is believed to be correct but cannot be guaranteed where data is sourced from third parties. Opinions constitute our judgment as at the date shown and are subject to change without notice. This document is not intended as an offer or solicitation to buy or sell securities, nor does it constitute a personal recommendation.

- Past performance is not a reliable indicator of future returns.
- No investment, or investment strategy, is without risks. The value of investments will go up and down and clients may get back less than invested.
- Any tax benefits depend on individual circumstances. Tax rules are subject to change.

Unless otherwise stated, the source of all information or figures is Close Brothers Asset Management
