## Power up telesales

- + Transform a cold call into a presentation or product demo.  
Add a screen share within a few seconds
  - + Avoid giving prospects the chance to cancel a follow-up meeting  
or find a different solution
  - + Works with even the least tech-savvy prospects.  
No download or preparation
  - + Designed for sales from the ground up.  
Works every time, on any device and any web browser
  - + Shows you visual cues so you can understand what your  
prospect is interested in
- 

## Slash inbound response times

Our customers often see response times drop to **<1 minute**.  
Agents compete to be first to call, and can screen share seamlessly

**3rd party studies show up to a 21x increase  
in qualified leads by responding this quickly**

## Powerful enterprise features

- + Integrate with Salesforce and dozens of other CRMs
- + APIs for customized solutions, embedding in other platforms and SSO
- + Audit logging and content filtering available
- + Fine-grained user management, reporting and data export

### Excerpts from some of our glowing reviews

”

*Customers love the ease of being able to join a screenshare with no complicated installs, meeting codes, or other hassles.*

*We've seen our sales numbers grow.*

*As a result, it is mandatory now for our sales and CX reps.*

*Finally, a simple, clean and fast screen sharing application!*

*Best service from any software provider I have seen in years.*
