Universal International Freephone Numbers

Global reach with a single phone number

About

DIDWW offers the largest fully compliant international coverage of DIDs, including Universal International Freephone Numbers (UIFNs).

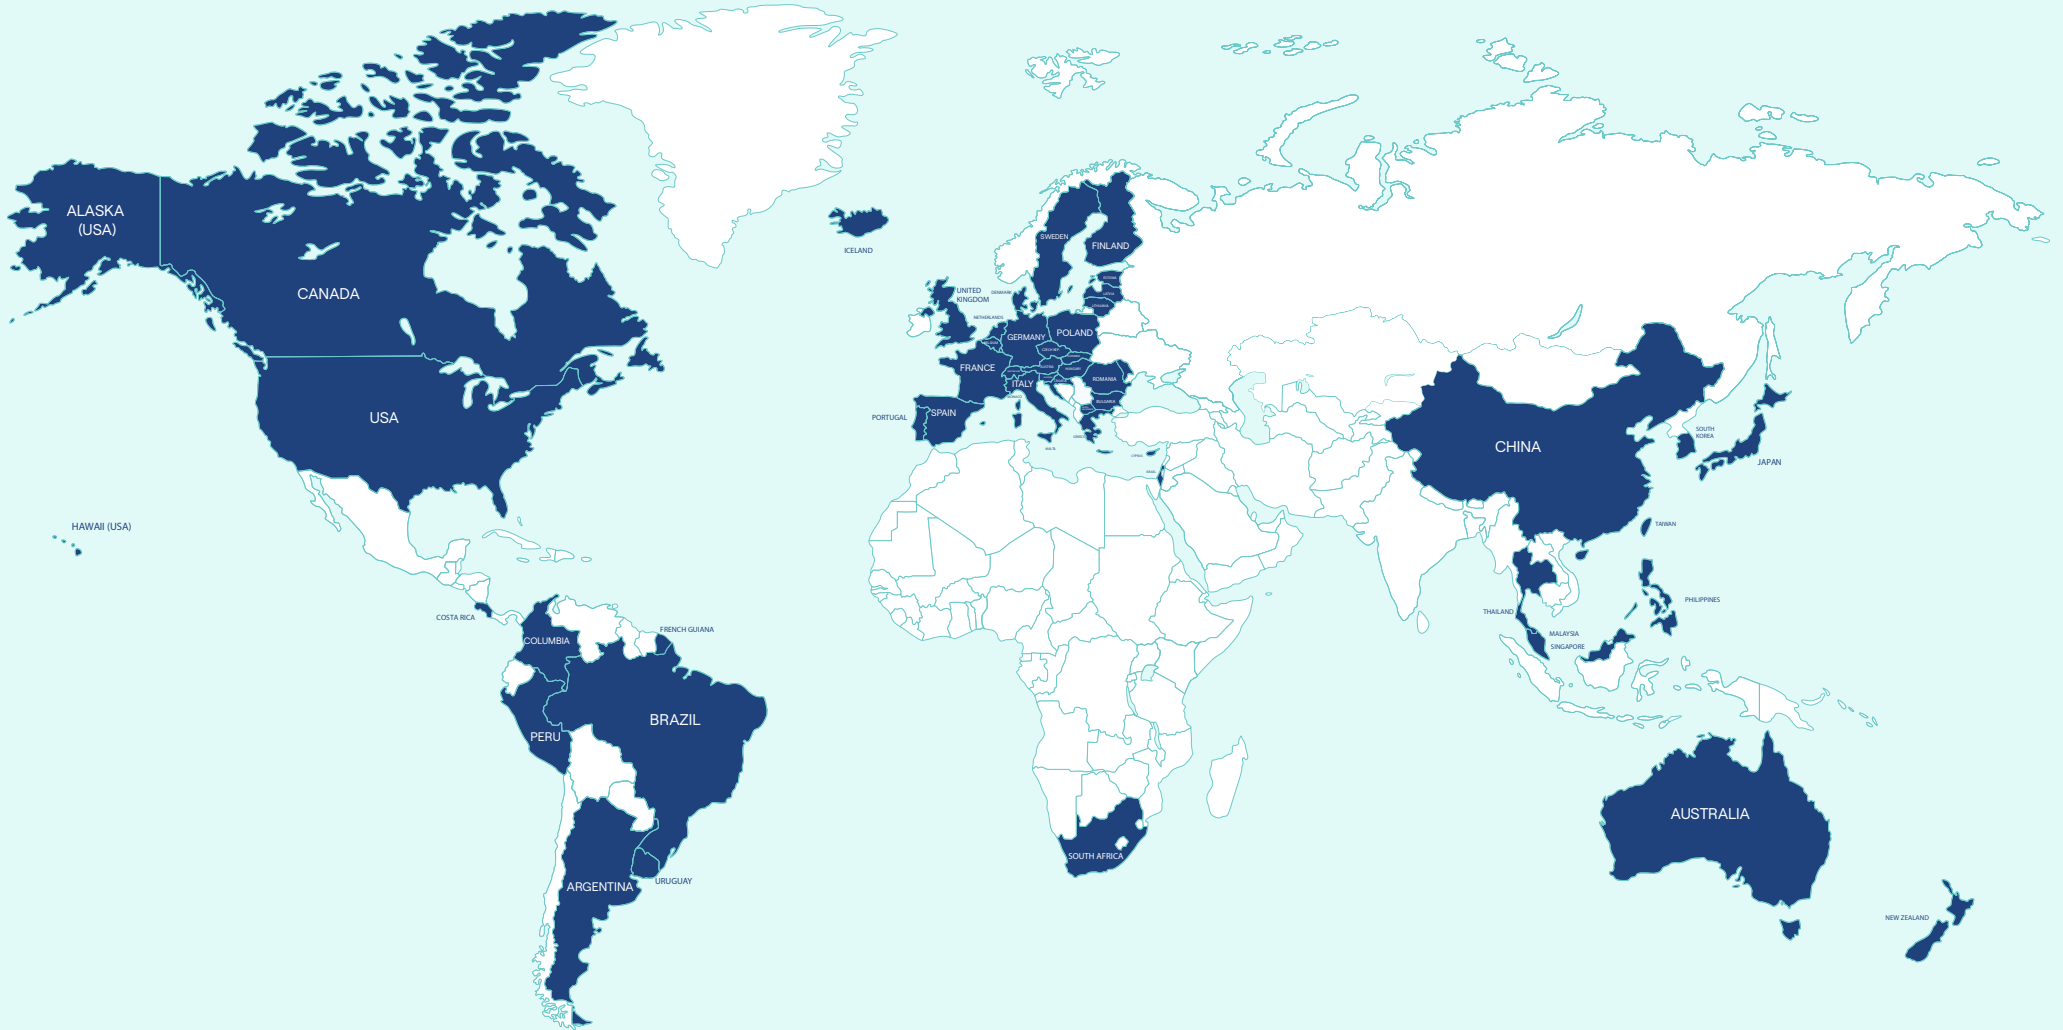

UIFNs, also known as Universal toll-free numbers, enable customers located anywhere in the world to reach a business through the use of a single toll-free number. As per all other services, UIFNs may be ordered via the DIDWW fully self-service web portal or the API that has been integrated into a custom application. The customer can enable the UIFN service in a number of selected locations, from a single country to over 60 geographies around the world.
