

Introducing the eFOLDi® Lite – The world’s lightest, most compact folding travel-scooter

At 15kg, the eFOLDi Lite is the world’s lightest, most compact folding travel-scooter*

Leading Innovation - The eFOLDi Lite

Following eFOLDi’s early success with the original MK1.5 model, which won the prestigious ‘British Invention of The Year’ award in 2016, the R&D team set about developing its new ‘eFOLDi Lite’ travel scooter. By combining the insights from extensive end-user research with their manufacturing expertise, eFOLDi, successfully launched its new eFOLDi Lite scooter in 2020 – during the Covid-19 pandemic.

Since its launch, the eFOLDi Lite has become the most popular product in the eFOLDi range. End users and trade partners alike, both agree, the ‘Lite’ is a fantastic product. At 15kg*, it is also the world’s lightest, most compact folding travel-scooter on the market!
