

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### **Agapanthus 'Fireworks'**

A highly commended finalist in the prestigious RHS Chelsea Flower Show Plant of the Year competition, Agapanthus 'Fireworks' is an easy-to-maintain variety that boasts big, exotic-looking, two-tone flowers that won't fade in colour. Upright white buds open to show off pretty hanging flowers with stunning blue bases and flaring white petal tips which keep blooming long after other agapanthus are finished - often well into September. Its evergreen foliage can withstand winter temperatures of -10C - and as a hardy perennial, it will come back each year, looking bigger and better each time.

Supplied by: Thompson and Morgan

#### **Ajuga tenorii 'Princess Nadia'**

Ajuga tenorii 'Princess Nadia' is a recent introduction that looks as majestic as the name implies! The new shoots boast deep pink foliage, fading to variegated pale green and gold as they mature. This showy variety is repeat flowering, producing short spikes of royal purple flowers in early spring with a second flush in summer. Ajuga is an easy going, reliable perennial, coping well in both sun and shade. Perfect for creating an eye-catching display in borders, containers and rockeries. Height: 15cm (6"). Spread: 25cm (10").

Supplied by: Thompson and Morgan

#### **Alstroemeria 'Summer Breeze', 'Summer Red' and 'Summer Sky'**

The garden Alstroemeria varieties from HilverdaKooij are hardy down to -15°C, and produce a wealth of flowers in an unbroken display from May to November. The splendid colours of the flowers make a wonderful contrast to the deep green leaves. They perform best in garden soil, but can also be planted in a container for display on a patio or balcony. Long flower stems make them suitable for cut flowers.

Supplied by: Hilverda Kooij

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### **Alstroemeria 'Inticancha Imala' , 'Inticancha Red' and 'Inticancha Romance'**

Inticancha is a series of strong pot alstroemerias that are easy to maintain and will flower continuously from spring until autumn. Inticancha plants are compact and their elegant petals are fresh and brightly coloured. The Inticancha series contains varieties in many different colours.

Supplied by: Hilverda Kooij

#### **Angelonia Serena® Rose**

This carefree, continuous bloomer is well-suited to landscapes, gardens and mixed containers, and performs well under a wide range of conditions. The perfect choice for water-wise, heat-loving plants. Deer and rabbit resistant.

Supplied by: BallColegrave/ PanAmerican Seed

#### **Argyranthemum 'Grandaisy Ruby', 'Grandaisy Pink' and 'Grandaisy Gold'**

The original Grandaisy® range consists of Argyranthemum (Chrysanthemum) with super large flowers, which are early blooming and have striking colors. These strong and healthy plants are suitable for every climate and can be used as a patio plant, in balcony boxes and as a bedding plant.

#### **Bacopa 'Pinktopia'**

A new bright pink colour joins the only seed collection of F<sup>1</sup> Hybrid Bacopa. Great colour for mixed containers and large planters. The leaf size is the same as Snowtopia, but the leaf colour is a brighter green than both Blutopia and Snowtopia.

Supplied by: BallColegrave/ PanAmerican Seed

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

**Petchoa Beautical 'Sunray' pink, 'Caramel' yellow, 'Bordeaux' red, 'French Vanilla' and 'Cinnamon'**

The new generation for the pot and patio! Petchoa 'BeautiCal' has a more mounded habit than SuperCal® and larger flowers, making it the ideal choice for the pot and patio segment. BeautiCal's large, weather resistant plants survive frost and recover from rain much faster than standard Petunias, and the exceptional colours will be an absolute WOW. A combination of the best features of Petunia and Calibrachoa, BeautiCal is set to be the New Beauty Standard for patios, terraces and balconies.

Supplied by: Sakata

**Begonia Dreams Waterfall 'Encanto red', 'Angel Soft pink', 'Encanto orange' and 'Angel Soft orange'**

Everyone can have the DREAMS in their home or garden as they are suitable for beginners as well as ambitious, amateur gardeners. Cheerful colour variety in a coordinated assortment offers great combinations from modern colours bursts to natural retro

- Easy to maintain and fast to grow
- Bloom tirelessly until autumn
- Gives the garden a trendy feel

Supplied by: Beekenkamp

**Begonia 'Sweet Spice Bounty'**

A new class of vegetatively-propagated Begonias with good free-branching, semi-trailing habit and strong fragrance. The varieties have very good pot habit with the first flower held out on top; subsequently they hang over the sides of patio pots and hanging baskets. Excellent weather tolerance. Pot size 12cm+

Supplied by: Kerleys

**Begonia x bonariensis 'Big Rose Bronze Leaf'**

BIG Series – even better than ever! Large, well-presented BIG flowers. Well-branched, full-bodied plants that fill pots easily and quickly. Easy-to-grow, this is an outstanding performer in most situations that flowers earlier than competing varieties. Grows well in sun or shade. An excellent vigorous Fibrous Rooted begonia.

Supplied by: Benary

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### Bella Fuchsia® 'Bella Sophia' and 'Bella Lisa'

Bella Fuchsia Sophia is a strong variety that performs best in full sun and flowers throughout the summer. The flowers of Bella Fuchsia Sophia appear similar to those of Fuchsia Elma; however Bella Fuchsia Sophia offers better growth - and flowering characteristics. The blooms of Bella Fuchsia Sophia face outward and upward to give a bold, striking effect.

#### Blueberry 'Pink Flamingo'

Be one of the first to grow this unique and beautiful blueberry. This unique variety boasts stunning coloured foliage all through the spring and summer - the initial leaves that sprout are green but the following flushes of leaves will be mottled pink! And by keeping in full sun stunning coloured foliage appears all through the spring and summer giving glorious autumnal shades, extending the spectacular show. And of course, in addition to the beautiful foliage display, you get the added bonus of a generous crop of delicious tasting blueberries (the same sized fruit as ordinary varieties) from late June through to the end of July.

Supplied by: Suttons

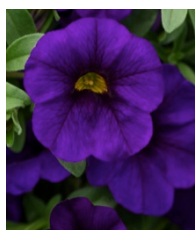

#### Buddleja davidii 'Butterfly Tower'

Buddleja 'Butterfly Towers' is a world exclusive, straight from our own breeding programme! This unique, upright Buddleja has a tall, columnar habit, which forms a majestic tower of mauve-purple flowers. Each large, upward-pointing flower provides a valuable source of nectar that will attract bees and butterflies all summer long. This slender hardy shrub is reliable and easy to grow. It demands much less space than traditional varieties, making an excellent hedging plant for creating colourful garden screens. Height: 2m (6'). Spread: 1m (3').

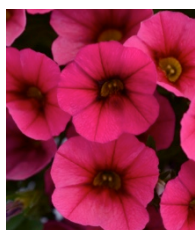

Supplied by: Thompson and Morgan

#### Calibrachoa Kabloom®

A colourful and exciting mixture, Kabloom are perfect for hanging baskets or patio containers. They will create a spectacular display with a varied colour combination as illustrated. Height 25-30cm. Flowers May to September

Blue

Cherry

Coral

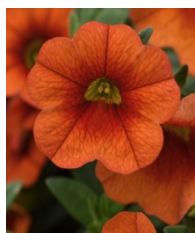

Denim

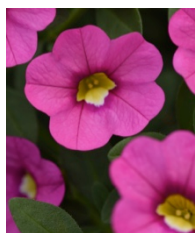

Light Pink Blast

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

Orange

Pink

White Improved

Yellow

Supplied by: BallColegrave/ PanAmerican Seed

#### **Chilli 'Spicy Jane'**

The leaves have a beautiful shine and their structure secures low water use, making them ideal for hanging baskets. The plants are quick in showing fruit and the fruit colours fast. Plus they will continue to produce new fruit in quick succession once you begin to harvest them! Plants grow to around 25cm tall before beginning to cascade.

Supplied by: Suttons

#### **Chlorophytum saundersiae 'Starlight'**

This elegant grass-like perennial forms a dense clump of slender, variegated foliage that shoot upwards before arching gracefully at the tips. Unlike its better known, house plant relative – the Spider Plant, *Chlorophytum saundersiae* 'Starlight' is hardy to -5C (41F) making it suitable for a sheltered spot outdoors. Throughout summer it produces starry, white flowers that sparkle at the tips of its long stems. Height: 100cm (39"). Spread: 45cm (18").

Supplied by: Thompson and Morgan

#### **Clematis 'Little Lemons'**

Instantly recognisable as a *C. tangutica* variety, but without the sprawling stems of its larger cousins! Clematis 'Little Lemons' is a super-dwarf plant with a neat, bushy habit. The short, 45cm (18") long stems are cloaked in delicately cut, bright green foliage. A host of nodding, lemon-yellow blooms decorate this dwarf plant from May to September. Terminal buds are replaced by fluffy seed heads as the flowers fade, providing a lovely textural display which extends the season of interest by several weeks.

Supplied by: Thompson and Morgan

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### **Cosmos Sulphureus 'Mandarin'**

Flowering from Spring to Autumn, Mandarin has a deeper orange colour, a better habit and is more uniform compared to competing varieties. Mandarin performs best in sun and partial sun. Reaching a height of 25-30cm, it is a slightly more compact variety offering a more mounded shape.

Supplied by: BallColegrave/ PanAmerican Seed

#### **Delphinium 'Cinderella'**

Robust, cold tolerant, and disease-proof, the stems are strong like bamboo, not flimsy like traditional delphiniums and at just four feet tall, they're great for small borders or large containers on the patio. The development of a triple layered bloom gives far more longevity too. Single-flowered varieties often fade quickly and shatter when the winds come. The pompon structure of 'Cinderella' stays intact far longer. Plants are hardy and flower not once, but TWICE a year, in summer and again in autumn!

Supplied by: Suttons

#### **Dianthus 'BEAUTIES'**

Beauties is a Dianthus series made up of special pot varieties distinguished by their colour, flower shape and fantastic growth characteristics. The shape of their flowers is very elegant and their colours are fresh and bright. These varieties are perennials that grow into perfect plants and require little maintenance.

Supplied by: Hilverda Kooij

#### **Digitalis x valinii 'Firebird'**

A stunning new perennial *Digitalis* with impressive flower spikes packed with gently flaring copper pink flushed tubular flowers. Bred for improved hardiness down to -5 Celsius, it performs best in a fertile soil enriched with organic matter in part shade, but can tolerate most other situations or soils except very wet or free draining.

Awarded 2<sup>nd</sup> Place in the prestigious RHS Chelsea Flower Show Plant of the Year competition

Supplied by: Farplants

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### **Dryopteris 'Jurassic Gold'**

A lovely new hardy fern with attractive, delicate-looking leaves. UK-bred by Seiont Nurseries of Snowdonia, the leaves of Dryopteris 'Jurassic Gold' are a fantastic rose/bronze as they unfurl in spring and early summer, aging to golden-yellow and then dark green.

Supplied by: Seiont Nurseries

#### **Echinacea MOOODZ 'Courage' pink, 'Dream' yellow, 'Mediation' dark orange and 'Pearce' white.**

Echinacea MOOODZ will create a striking splash of colour in your garden. Each flower stands on its own and looks straight at you. One of the special qualities of Echinacea MOOODZ is its ability to branch, resulting in beautiful, full plants. Flower buds are produced continuously through into late summer.

Supplied by: Hilverda Kooij

#### **Fuchsia 'Carmine White', Fuchsia 'Candy', Fuchsia 'Pink Blue', Fuchsia 'Rose White' and Fuchsia 'Pink-Violet'**

Fairy fuchsias enchant with their beautiful, bell-shaped flowers.

Shown right is the delightful fairy fuchsia is the variety 'Fuchsia® Pink-Violet', with its abundance of lush, pink-purple flowers and vigorous growth. Ideal for containers and bringing colour to the more shady places in your garden.

Supplied by: Volmary

#### **Gerbera Garvinea 'Sweet Fiesta'**

The new Garvinea® variety Sweet Fiesta creates a real purple party in your garden. Garvinea® is the first true garden Gerbera. It flowers from spring till frost and produces up to 100 flowers per plant. Looks fabulous in any garden and in a large planter as well. Let's get this fiesta started!

Supplied by: Florist

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### Gerbera Garvinea 'Sweet Frosting'

Garvinea Sweet Frosting® is a true white Garden Gerbera. Garvinea is the only Gerbera that grows well in your garden, even in colder climates. Flowers abundantly from spring till frost and attracts bees and other friendly pollinators. Grows best in your garden, but is also spectacular in a large planter. Sweet Frosting® is perfect to combine with other bright coloured border plants.

Supplied by: Florist

#### Gerbera Garvinea 'Sweet Love'

The passionate red flowers suit the name perfectly: Sweet Love®. Garvinea Sweet Love will give you an intense red sea of flowers when placed in your garden. From spring till frost the plant produces up to 100 flowers. The Garvinea Sweet Love creates a loving flower sensation in your garden.

Supplied by: Florist

#### Gerbera Garvinea 'Sweet Memories'

Garden Gerbera Sweet Memories is a hot pink powerhouse in your garden. This plant will give you a lot of flowers from spring till frost. It's pink colour and strong performance makes this variety the perfect gift for Mother's Day or a birthday. Enjoy this beautiful plant and create more sweet memories together.

Supplied by: Florist

#### Gerbera Garvinea 'Sweet Sunset'

Garvinea Sweet Sunset® is the first bi-colour Garden Gerbera. With its strong orange-yellow bi-colour and large flowers this plant is a real eye-catcher. Grows well in your garden, but is also spectacular in a large planter. Sweet Sunset® brings the sun direct into your garden, even on a rainy day.

Supplied by: Florist

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### **Helianthus 'Sunbelievable Brown Eyed Girl'**

Third place in 2018's RHS Chelsea Flower Show Plant of the Year competition. NEW and World Exclusive from T&M. Over 1000 flowers during growing season. Multi-branching sunflower. Flowering from June to November. Perfect for pots and borders. Truly unbelievable garden performance. Luxurious foliage that deepens in colour with age

Supplied by: Thompson & Morgan

#### **Hemerocallis 'EveryDaylily' Series**

A breakthrough series that can produce up to 400 blooms per season, two-toned rosy-pink flowers appear repeatedly all summer, the EveryDaylily® series are selections taken from the popular Stella d'Oro Daylily, dwarf habit and very hardy.

- Easy to grow and vigorous
- Re-blooms throughout the summer
- Season long flower colour

#### **Hosta 'Sorbet'**

Green leaves with creamy-white margins. The reversed sport of 'Raspberry Sundae'. Hosta 'Sorbet' is a medium Hosta that has lavender flowers and grows in half shade/shade. The height is 40 to 45 cm and the growth is medium.

#### **Impatiens, F1 Beacon™ 'Coral' , 'Orange', 'Salmon', 'Violet', 'White' And 'Bright Red'**

Fill your gardens once again with bright, long-lasting colour. NEW Beacon Impatiens from PanAmerican Seed offers high resistance to Impatiens downy mildew and won't collapse due to this destructive disease. For lasting colour, you can rely on Beacon to thrive.

Supplied by: BallColegrave/ PanAmerican Seed

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### ***Ipomoea batatas* 'Sunpuma Purple'**

Sunpuma Purple shows nice tubular light violet flowers with leaves of a dark green and purple colour. It has an unusual big flower size for an *Ipomoea* and high flowering power. The vigorous stems make it suitable for hanging baskets or as a climbing plant with a support. Hence, it is very good for landscaping. The plant is early flowering and has a strong outdoor performance. But most special is its purple colour, a rare colour in nature.

Supplied by: Suntory

#### ***Iris* 'Ensata'**

Native to Japan, these Beardless Irises enjoy huge orchid-like flowers that are a delight to gaze at. Usually ruffled and flat in form, they rise on erect, sturdy stems atop a dense clump of sword-shaped, linear green leaves, up to 24 in. long (60 cm), with prominent midribs.

#### ***Laburnum* 'Yellow Rocket'**

Winner of Best in Show at the National Plant Show 2018, this is a fantastic new, columnar form of the traditional "golden rain" tree. Produces chains of scented, golden yellow flowers in early June. Ideal for gardens of all sizes, patios and balconies. Attracts bees, butterflies and other insects. Hardy and tolerant.

Supplied by: F. P. Matthews

#### ***Lavandula stoechas* Bandera 'Deep Rose' And 'Deep Purple'**

A compact fast-growing lavender that produces a very large number of flowers. Bandera is first year flowering with no vernalization requirement. The flowers are dark purple with mid purple flags. 20cm.

Supplied by: BallColegrave/ PanAmerican Seed

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### **Leucanthemum 'Madonna'**

Madonna offers better uniformity in height and habit over its seed counterparts, plus it's an excellent alternative to vegetative leucanthemum that doesn't need vernalisation or have a risk for bacterial infection. Up to 15% of petals may have laced-edge petals for a unique look.

Supplied by: BallColegrave/ PanAmerican Seed

#### **Malus 'Eden'**

Exciting new introduction, immune to browning once cut and thus perfect for salads. Dual purpose dessert/culinary apple, 'Eden' requires no sugar and will turn into a puree. Excellent for juicing with a sweet flavour. Similar flavour to Spartan when eaten.

Supplied by: F. P. Matthews

#### **Malus toringo 'Aros'**

A stunning dwarf, upright crab apple tree. Leaves emerge shiny dark burgundy to black, turning slightly green with age. Bright purple/pink flowers in the spring turn to very dark red/maroon persistent crab apples in the autumn. Ideal for patio growing or small spaces.

Supplied by: F. P. Matthews

#### **Myosotis sylvatica Mon Amie 'Mix' and 'Pink'**

A spring-flowering favourite, Forget-me-nots are biennial or short-lived perennials that self-seed to come back for many years. This variety forms a low mound of grey-green leaves, smothered with clusters of flowers. Excellent for massing with spring-blooming bulbs.

Supplied by: BallColegrave/ PanAmerican Seed

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### **Nemesia 'Lady Penelope'**

Nemesia Lady Penelope is the new bi-coloured Nemesia from the world leading breeding programme of Martine Tellwright at The Farplants Group. This new variety has outstanding appeal due to its delightful contrasting hues and outstanding flowering performance.

Supplied by: Farplants

#### **Nepeta 'Neptune'**

Nepeta 'Neptune' works well planted in clumps on its own in a border or as a companion plant in a container. This hardy perennial sends up airy spikes of purple-blue flowers above aromatic, mint-scented foliage. Early to bloom, with a compact, bushy habit. This charming Dwarf Catmint is perfect for cottage garden herbaceous borders or adding colour and fragrance to patio containers. Height and spread: 30cm (12").

Supplied by: Thompson and Morgan

#### **Nepeta 'Purrsian Blue'**

'Purrsian Blue' is a very floriferous plant whose flower power is amplified by its having its flowers spaced closely together on the stems. Periwinkle blue flowers are coddled by dark purple calyxes just above the aromatic foliage from early summer into early autumn.

Supplied by: Allensmore Nurseries Ltd

#### **Osteospermum 'Purple Sun'**

Fleuroselect Star Winner 2018. Like the summer sun setting over the ocean, such is the colour play of our latest Osteospermum ecklonis. Several shades of orange fade into a deep purple ring that surrounds the heart of the flower. slogan "Purple Sun – takes you to the summer"

Supplied by: Selecta One

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### **Osteospermum Akila® Sunset Shades**

A gorgeous mix of shades, just like the colours of the setting sun, the daisy-like flowers will fill your garden with fiery colour. Wonderful shades of yellow and gold, rose-red, plus salmon, apricot and orange, are the perfect summer combination and their daisy-like blooms are produced in profusion. From spring to autumn, the uniform, compact plants will tolerate light frost as well as heat and drought - making them the perfect variety for your garden

Supplied by: BallColegrave/ PanAmerican Seed

#### **Pelargonium x hybrid 'Calliope Hot Pink' and other Calliope cultivars.**

Intense Colour That Lasts™. An innovation and still the number one geranium for colour and performance. Calliope Large's vigorous habit makes it ideal for high impact containers where maximum flower power and wow! factor are desired. Calliope Large's vigorous habit directly translates into success with great garden performance and tolerance to hot summer conditions.

Supplied by: Syngenta

#### **Petunia F1 Spreading Easy Wave® Lavender Sky Blue**

Fast-growing plants bloom freely all season in landscapes and containers without cutting back, and tolerate both heat and cooler conditions very well. Flower-filled plants grow a little more mounded than original Wave, with a more controlled spread.

Supplied by: BallColegrave/ PanAmerican Seed

#### **Petunia 'Tumbelina Crazy Ripple'**

NEW! for 2019. Bicoloured flowers combining plum and lime green in crazy patterns. Classic double trailing petunias with good pot performance. Excellent weather resistance, medium-early flowering.

Supplied by: Kerleys

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### **Pittosporum tenuifolium 'Silver Ball'**

Very dense natural ball of shiny, grey-green leaves edged with white. Small, honey-scented flowers. A good replacement for Box Balls

#### **Pink 'Bridal Star'**

Stunning pure-white double flowers with iridescent ruffled petals over compact grey green foliage with delightful clove fragrance. First scented, Spray Carnations to be grown as stout, tall stemmed cut flower Garden Pinks

Supplied by: Whetman Pinks

#### **Alpine Pink 'Flutterby'**

Delicately-patterned, single magenta-pink flowers with a blackcurrant eye and petals fringed with white, borne over compact grey green foliage with a sweet fragrance

Supplied by: Whetman Pinks

#### **Pink 'Pink Ruffles'**

Beautiful pink double flowers with a dark eye, over grey- green foliage and a sweet, spice perfume. First scented, Spray Carnations to be grown as stout, tall stemmed cut flower Garden Pinks

Supplied by: Whetman Pinks

**NEW PLANT LIST**  
**BBC Gardeners' World Live 2019 Plant Pyramids**

**Pink 'Red Carpet'**

Striking semi-double crimson red flowers with wonderful fragrance borne over compact grey green foliage. Ideal for cutting. First scented, Spray Carnations to be grown as stout, tall stemmed cut flower Garden Pinks

Supplied by: Whetman Pinks

**Rose 'Timeless Cream', 'Timeless Pink' and 'Timeless Purple'**

'Timeless' Collection are also perfect for growing in borders or tubs on the patio where they will exude a heady perfume from bud burst to petal fall. Each variety of these beautiful roses has been specially chosen to compliment the others as a display in a rose garden or patio group but they also look absolutely wonderful when planted individually. Height and Spread 100cm (39")

Supplied by: Whartons

**Salvia nemorosa 'New Dimension Rose Improved' And 'Salvatore Blue'**

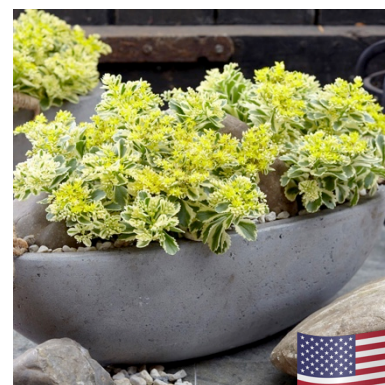

The deepest blue and rose salvia from seed! Large, compact and well-branched plants feature strong-coloured flowers that last. Blooming in summer through to the autumn, Salvia nemorosa reaches a height of 20-25cm and prefers full sun.

Supplied by: BallColegrave/ PanAmerican Seed

**Sedum 'Atlantis'**

Sedum Atlantis is a plant for our times...drought tolerant, suitable for small spaces and attractive to bees. Its striking foliage forms rosettes of serrated green leaves with thick, creamy margins and tips that turn a pink blush in the autumn. The pink tinged flower buds open to bee magnet yellow flowers. Awarded 'Plant of the Year' at the 2019 RHS Chelsea Flower Show.

Supplied by: Suttons

## NEW PLANT LIST

### BBC Gardeners' World Live 2019 Plant Pyramids

#### SunPatiens® Compact Orchid Blush

Flower power in your garden all season long! Plant in full sun to full shade – this one thrives everywhere!

- Tolerates all weather, from Spring through to a hard frost.
- Unique varieties love sun, as well as shade.
- Compact series is bred for small pot production and is resistant to disease.
- Exceptional outdoor performance.

#### Toona sinensis 'Beef and Onion'

Perfect to add to salads and garnish meats, especially for a BBQ. Actually, a type of mahogany tree which can be grown as a baby leaf veg. Plants can be grown on if given winter protection for the first 2 years, then new growth can be harvested each spring.

The plant, in addition to having tasty spring shoots, is also a stunningly beautiful garden tree with peeling bark, rich green leaves and fragrant flowers that the bees just love. Harvest January-December.

Supplied by: Suttons

#### Xerochrysum bracteatum 'Granvia Gold'

Gold, gold and gold again. Granvia® Gold has remarkable large flowers with an intensely bright yellow colour and a heart that turns orange as pollen appears when the flower gets older. The unique structure of the crispy, paper-like petals will grab your attention straight away. It is easy to grow, lasts a long time and blooms early. Insider tip! The flowers can be harvested to use as dried flowers or fresh potpourri.

Supplied by: Suntory
