Arctic

Military

Offshore

Passenger

Inland

SNAME's mission is to advance the art, science and practice of naval architecture, marine engineering, ocean engineering and other marine-related professions through:

- ✓ The global exchange of knowledge and ideas
- ✓ World-class education, leadership development and hands-on training
- ✓ Promoting research and development in the maritime industry

MEMBERSHIP BENEFITS

SMALL COMMUNITY | GLOBAL REACH

The maritime community is as diverse as our planet's waterways; however, it is also a tight-knit group with common bonds and shared professional responsibilities. A new technology, application or research question that begins locally can spread through the SNAME network around the world. The networking and information-sharing opportunities are endless.

LEADERSHIP OPPORTUNITIES

SNAME members are leaders in the profession, at the forefront of research & development as well as practical application. SNAME provides opportunities to build your business and develop your leadership skills. Whether you choose to chair a committee, become a mentor, speak at a conference or take a leadership role in your section, you will have the opportunity to grow with SNAME.

CAREER ADVANCEMENT

Members accelerate career development and increase income potential through networking events and leadership opportunities. Connect with industry influencers, build your contacts and your resume, and earn recognition through participation in technical & research (T&R) committees and authoring technical papers.

CONTENT

SNAME technical information has long been the gold standard. SNAME members have access to this leading repository of maritime content. Join this esteemed worldwide community, grow your reputation and share your expertise. Become a SNAME author or technical contributor through presentations or journal submissions and make a lasting contribution to the maritime industry.

JOIN TODAY and put your SNAME membership to work for you!

OTHER MEMBER BENEFITS INCLUDE:

20 Free Content Downloads per Year

Technical content you can trust

Career Center Access

Includes tools for job seekers and employers

Mentoring

Training future engineers and building career-long connections

Members-Only Events and Registration Discounts

Local, regional, national and international events held throughout the year

Ongoing Education

Webinars and other opportunities right from your desktop

Journals, Magazines, Bulletins

And other published text and reference books

Professional Engineer Review Course (PERC)

A distance learning course designed to help you earn your PE certification

SNAME EVENTS

GROW YOUR KNOWLEDGE AND YOUR NETWORK!

The annual **SNAME Maritime Convention** brings together the global maritime community's best and brightest minds to discuss, debate and build the industry's future. Explore cutting-edge technical presentations; visit the expo hall to discover new companies, products and opportunities; expand your network of leading international experts; and invest in your career.

As a sponsoring organization of the **Offshore Technology Conference (OTC)**, SNAME provides unique opportunities for its members to present technical papers; to participate in panel sessions, breakfasts and other sessions within the conference; and to lead students in our Mentor for a Day program. Members' companies can test the waters of exhibiting in OTC as part of SNAME's New Technology Solutions Center pavilion.

SNAME also hosts educational sessions and events at several industry conferences including IBEX, WorkBoat, Posidonia, SMM Hamburg and others.

SNAME CORPORATE AFFILIATE PROGRAM

BRANDING

Align your organization with SNAME and its 125-year legacy of advancing the art and science of shipbuilding as a SNAME Corporate Affiliate.

This partnership will showcase the professional status and quality of your employees and your commitment to maintaining high standards in the maritime industry, and in international naval architecture and maritime engineering.

MARKETING
