BLUE STUFF INSULATION

- Post-Consumer recycled denim
- Excellent noise absorption
- Sustainable product
- Strong thermal protection
- No itch or skin irritation
- Resists microbial growth

GO GREEN

- No volatile organic composite
- Energy efficient, one-piece, heat-retaining shell
- Made with recyclable material
- Fewer manufacturing emissions
- Blue sTUFF Insulation improves electrical consumption and amp draw
- Lifetime warranty means your shell won't end up in a landfill

SOLID ONE-PIECE BOTTOM

Tuff Spas feature a solid one-piece bottom, which allows you to place your spa on any flat, level surface. There is no need to spend extra money having a concrete base poured for your Tuff Spa.

SIDE ACCESS PANELS

All models come with large access panels on each side of the spa allowing for easy access to the spa's equipment. This makes any maintenance on the spa simple and easy – complies with HSG 282 Guidance.

THE TUFFEST SPA ON THE MARKET JUST GOT TUFFER!

NEVER BUY ANOTHER COVER.

Our exclusive Tuff Top cover is designed to hold over 500 kg and never needs to be replaced—no more rotting, smelling, or sagging covers! The Tuff Top cover includes an energy efficient cover design and comes with a lifetime warranty.

Can be opened/closed by one person and stays horizontal, eliminating unneeded stress on your back

Fully insulated and gasket sealed for maximum efficiency

Patented channel flow design that prevents pooling water on top of the cover

Inter-locking design eliminates the need for unsightly straps

Space-saving cover, converts into a shelf/bar when open to hold items such as towels, drinks, candles, and more

Powder coated aluminum arms that will never break or need to be replaced

The open cover won't obstruct views and allows for complete visibility in every direction
