

STAND IT **ORDER FORM**

1st January - 31st December 2023

IMPORTANT INFORMATION

Due to the instability of wireless connectivity within the structure of an exhibition, we strongly recommend that you only use a wireless internet connection if you are only checking emails and browsing the internet. A wired connection is recommended if you need to do anything more than the above as these are the most secure and stable source of internet for an exhibition.

Please note it is YOUR responsibility to ensure that your stand builder correctly routes your cables to final location. Arena IT will pull the cable to the nearest floor duct and exit within your stand and provide approximately 6m of additional cable for your stand builders to route.
