

SPATEX 2022
 THE POOL, SPA & WELLNESS SHOW
 TUESDAY 1 FEBRUARY – THURSDAY 3 FEBRUARY 2022
 COVENTRY BUILDING SOCIETY ARENA • COVENTRY • UK

SPATEX 2022 – a lesson in saving you can't afford to miss!

A school swimming pool is now regarded as not only desirable but an essential part of a school's sports provision. In a fast-moving, highly innovative market, it's important to keep abreast of all the latest energy saving water leisure developments for efficient management, which is why a visit to SPATEX 2022 promises to pay dividends.

Held at Coventry Building Society Arena (formerly the Ricoh Arena) from Tuesday 1 to Thursday 3 February, SPATEX 2022 is the UK's ONLY dedicated water leisure exhibition, designed for all those involved in the provision and maintenance of swimming pools and wet leisure facilities.

Time for a pool or upgrade?

Whether your school is looking to install a pool for the first time or refurbish an existing one, the show is an excellent starting point. A pro-active, energy-saving programme embraces design, planned and efficient pool maintenance and good housekeeping, backed with the provision of the latest energy efficient products. With more than 100 exhibitors drawn from around the world, there's no better showcase and SPATEX 2022 has made energy saving the cornerstone of its agenda. Products harnessing renewable technology offer time saving advances for the pool manager and put significantly less strain on the school purse.

Energy saving showcase

What can you expect to see?

- Everything under the water leisure umbrella, including the inner and outer workings of a swimming pool and much more! For instance,

new generation heat pumps are now onstream and offer schools huge cost saving advantages.

- You wouldn't build a house without a roof – the latest heat retention cover can literally save a fortune.*
- Enclosures, water circulating pumps, chemical dosing systems – all have undergone big technological advances in the last few years.

Pick up tips and advice

Talks and demonstrations in the show's free-to-attend, three-day double seminar and workshop programme will focus on how we can all play our part in becoming more eco-aware and, at the same time, save money. The Institute of Swimming Pool Engineers (ISPE) has curated a series of information-packed workshops by industry figureheads who will provide a working knowledge of the latest health and safety legislation and guidance.

The Swimming Teachers' Association (STA) is giving three seminars on the Tuesday morning of the show. As one of the world's largest swim teaching and lifesaving organisations, it delivers the highest quality training across four key business areas:

- swimming teaching;
- lifesaving;
- first aid; and
- leisure management.

Free expertise

With the world's top water leisure experts on hand, access free advice for your own school pool or future project. Come to the SPATEX help desk at the entrance to be pointed in the right direction.

Network

Make new contacts at SPATEX's free to attend 25th anniversary networking party on Wednesday after the show closes at 5pm for free drinks, canapes and lots of industry chat.

SPATEX 2022 – Tuesday 1st to Thursday 3rd February. Visit www.spatex.co.uk to see exhibitors, details of the free double seminar programme and register for the show's regular e-newsletters.

The Coventry Building Society Arena, Coventry CV6 6GE is easy to get to – just 500 yards off the M6 and within two hours commuting time of 75 percent of the population, it offers 2,000 free on-site car parking spaces.
