**By signing this document you are agreeing and contracting to all the terms and conditions set out on our website
Your invoice will be sent on receipt of order, payments will be required a minimum of 5 working days prior to the event**

Due to the instability of wireless connectivity with the structure of an exhibition, we strongly recommend that you only use a wireless connection if you are only checking emails and browsing the internet. A wired connection is recommended if you need to do anything more than the above as these are the most secure and stable source of internet for an exhibition

Please note it is YOUR responsibility to ensure that your stand builder correctly routes your cables to final its final location, Arena IT will pull the cable to the nearest floor duct and exit within your stand and provide approximately 6m of additional cable for your stand builders to route
