NEW!

ROUND POOLS & DOMESTIC SPAS FROM THE WORLD'S FAVOURITE ONE-PIECE COMPOSITE POOL MANUFACTURER

New for 2024 from Aqua Technics Pools, the world's number one brand of superior quality one-piece composite pools, a stunning range of stylish compact round pools and domestic spas. Designed for small gardens and courtyards; or, when configured as a home hydrotherapy spa, as a stand-alone sunken hot tub, or to complement an Aqua Technics swimming pool.

- Australia's largest manufacturer supplying 67,000+ pools worldwide over 48 years.
- Comprehensive stocks held here in the UK for quick delivery and installation.
- Available across the UK and Ireland from a network of local professional installers.
- Deliveries direct to your home on our purpose-built truck with crane.
- Unrivalled dealer support on your doorstep.
- Exclusive PoolColourGuard® surface protection.
- Modular pool/spa and plant room technology for ultra-rapid installation.
- Unique Nano-Graphene technology for peerless quality, strength, durability, and longevity.
- Microtech anti-microbial surface protection for enhanced water hygiene quality.

PoolColorGuard®
Advanced Fiberglass Swimming Pools

There are three pools in the range, each with three equipment levels allowing you to customise your own home spa experience according to your desired preferences.

Exclusive Aqua Technics Pools modular plant rooms.

Every Aqua Technics round pool option comes complete with a pre-fabricated, pre-plumbed IP65 rated plant room. Manufactured and fitted out in the controlled environment of our UK production facility, our plant rooms are tested comprehensively and delivered on the same lorry as your pool, allowing for extremely rapid installation and commissioning times, meaning you can be relaxing and luxuriating in your Aqua Technics pool or spa in next to no time once you've decided on your options and colour choice.

Colour Choices

Aqua Technics round pools and spas are available from stock in the UK in our three most popular beautiful crystallite colours: Twilight, Horizon, and Platinum. Only Aqua Technics offers a patented surface protection system for composite pools that resists the effects of ultra violet rays and chemical attack. It's like sunscreen for your pool, protecting it from colour loss and weathering. Incorporating a specialised dual gelcoat system as part of the manufacturing process, two layers are merged to provide extraordinary surface protection. With a brilliant, high gloss finish your pool will maintain its beautiful appearance thanks to the innovative and unique Pool ColourGuard® technology.
