SPE Workshop: Drilling and Completions In Canada – Overcoming the Challenges of Today and Tomorrow

TECHNOLOGY SHOWCASE:

CAD 3,500 + GST

The Technology Showcase is an opportunity for operators, service companies, and consultants to showcase their technologies to a unique focused group of key decision makers in the oil and gas community. The Showcase is a designated 10x10 area set up in the networking area of the workshop. While SPE prohibits any type of commercialism within the meeting room itself, we recognize that our networking breaks (breakfast, coffee, lunch, and reception) offer a more informal atmosphere in which technology can be showcased and discussed.

- ◆ One (1) complimentary registration included.
- ◆ 6 ft. draped table plus two chairs will be provided.
- ◆ Internet provided.
- ◆ Companies to bring their own self-supporting signs/displays, laptops, etc.
- ◆ Placement will be determined by SPE based on venue logistics and the space provided.

Many options can be packaged and tailored to meet your specific business objectives.
