SPE Workshop: Heating Up Geothermal Innovation and Development in Canada

17-18 September 2024 | Calgary, Alberta, Canada

TECHNOLOGY SHOWCASE:

CAD 1,000 (Sponsoring Companies) + GST

CAD 1,900 (Non Sponsoring Companies) + GST

NEW THIS YEAR!

To simplify the process, we have lowered the cost of our showcase and removed the complimentary registration. You must purchase all of your registrations online. There is **no complimentary registration provided** for this showcase.

The Technology Showcase is an opportunity for operators, service companies, and consultants to showcase their technologies to a unique focused group of key decision makers in the oil and gas community. The Showcase is a designated area set up in the networking area of the workshop. While SPE prohibits any type of commercialism within the meeting room itself, we recognize that our networking breaks (breakfast, coffee, lunch, and reception) offer a more informal atmosphere in which technology can be showcased and discussed.

Companies are to bring their own self-supporting signs/displays, laptops, etc.

Display is to be set-up the day before the workshop. Move-in time will be a scheduled time and based on first come first serve.

INCLUDED IN SHOWCASE:

- ◆ 6 ft. draped table plus two chairs will be provided.
- ◆ Electricity and complimentary Wi-Fi provided.
- ◆ Recognition on the workshop website, including a link to your company's website
- ◆ Recognition in the workshop digital program
- ◆ Company listing and description write up, logo and handout option in the official SPE International app
- ◆ Recognition on the PowerPoint sponsor page displayed during breaks

Many options can be packaged and tailored to meet your specific business objectives.
