

Universities and Research Zone

This is a dedicated area on the SPE Europe Energy Conference exhibition floor plan reserved for universities, research, and academic institutions to promote their expertise, facilities and research capabilities to professionals and students engaged in the future direction of the energy industry. Each exhibitor will have a preconstructed, fully equipped booth providing academia with a cost-effective way of reaching this highly targeted audience and gaining the most out of their involvement at the event.

The Universities and Research Zone will include a number of 2m x 2m preconstructed booths. Each booth will be fully equipped and ready to use for exhibitors on arrival at the event.

Universities and Research Zone exhibitors receive:

- 2m x 2m pre-constructed booth with space to display a roller banner (max height 2.2m)
- Reception desk
- 1 x table
- 2 x stools
- 1 x bin
- 1 x spotlight
- Carpeting
- 1 x complimentary delegate registrations to attend the conference
- Exhibitor name listed on the Conference website

Price: 2,500 EUR

Price exclusive of any applicable taxes
