

## INTERNATIONAL PETROLEUM TECHNOLOGY CONFERENCE (IPTC)

Exclusively hosted by Aramco, themed “inventing solutions > leading the transition”, the 16<sup>th</sup> edition of the flagship International Petroleum Technology Conference (IPTC) returns to Dhahran Expo in the Kingdom of Saudi Arabia from 12–14 February 2024. IPTC 2024 stands poised to redefine the energy industry standards and expectations. With an estimated 20,000 attendees, this revered multidisciplinary technical event promises an unparalleled convergence of industry leaders, decision-makers, and visionaries.

The International Petroleum Technology Conference (IPTC) is an international oil and gas conference and exhibition organised to further the advancement of scientific and technological knowledge related to the exploration, development, production, transportation and processing of oil and natural gas.

The event is held annually and rotates between Asia Pacific and the Middle East. The scope of the conference programme and associated activities addresses the technology and relevant industry issues that challenge oil and gas professionals and management around the world.

The IPTC is a collaborative effort among the American Association of Petroleum Geologists (AAPG); the European Association of Geoscientists and Engineers (EAGE); the Society of Exploration Geophysicists (SEG); and the Society of Petroleum Engineers (SPE). The synergy of these four, leading, individual member societies provides the most comprehensive opportunity to form multidisciplinary committees and an outstanding technical programme.

### Conference Highlights

#### CEO Plenary Session: Achieving a Balanced Energy Transition

Speakers:

- Amin H. Nasser, President and CEO, Aramco
- Patrick Pouyanné, Chairman and CEO, TotalEnergies
- Meg O'Neill, Chief Executive Officer and Managing Director, Woodside Energy

sponsoring societies

## Executive Special Session: Managing Uncertainties for a Prosperous Future

### Speakers:

- Nasir K. Al-Naimi, Upstream President, Aramco
- Jack P. Williams, Senior Vice President, Exxon Mobil Corporation
- Montri Rawanchaikul, CEO, PTT Exploration and Production Public Company Limited
- Olivier Le Peuch, CEO, SLB

### 5 Panel Sessions

- Executive Dialogue Session 1: Energy Investments Towards a Stable Global Economy
- Executive Dialogue Session 2: Circular Carbon Economy: Transforming Aspirations to Actions
- Executive Dialogue Session 3: How Cognitive Technologies are Rapidly Changing our Industry
- Executive Dialogue Session 4: Fuelling the Future with Innovation
- IPTC Society Presidents Panel Session

- **148 Technical Sessions with 500+ Presentations**
- **3 'Ask the Expert' Sessions**
- **A One-Day Seminar**
- **IPTC Workshop: Human Capital and Development**
- **Young Member Activities**
- **Education Week**
- **IPTC Excellence in Project Integration Award**
- **160+ Sponsoring and Exhibiting Organisations**
