SPE Workshop: The Future of Well Integrity

Digitally empowering the next generation of Well Integrity Engineers

11–12 November 2025

Van Der Valk Hotel Schiphol,
Amsterdam, The Netherlands

Sponsorship and Exhibiting Opportunities

DIGITALLY EMPOWERING THE NEXT GENERATION OF WELL INTEGRITY ENGINEERS

While the exact number of wells is uncertain, it is estimated that upwards of five million oil and gas wells have been drilled with roughly one million active today. This represents a tremendous opportunity to create a huge well integrity database and the ability to build digital twins for both new and existing wells. Although machine learning and the consequential digital twinning is well advanced in surface systems so far it has remained largely aspirational on the well integrity front.

In contrast new data is being sorted so we can understand the integrity problems in our wells, a necessary foundation to final decommissioning/ abandonment when the time comes. Data gathering from existing wells is often viewed as non-value adding activity. As Well Integrity Engineers we understand the value of surveying wells but often face challenges in communicating that value to decision-makers. How do we share success stories to overcome the objections and encourage management to share our view of the value of data? How do we shift the perception so that data acquisition is seen not as a cost, but as a strategic asset? How do we attract the best talent in the industry to become well integrity engineers?

Providing a clear career path and effectively communicating the role's significance—particularly to young professionals—is essential if we are to ensure a strong, capable workforce for the future.

Why Attend?

Well Integrity is a rapidly expanding area of interest of wells for the industry. It touches on safe operations, technological innovation, regulatory compliance, security of supply and data analytics. An absolute necessity to operate wells safely, prolong their useful life and prepare future decommissioning, it is the cutting edge of wells debate.

This unique **“super”** workshop is bringing together Well Integrity professionals for discussions focused on the current **“state of the art”** and typically a 5–10-year outlook. Well Integrity-relevant exhibits by specialized service or technology providers will allow participants to expand their awareness of existing or cutting-edge solutions.

Who will attend?

- Well Integrity Engineers
- Asset Managers
- Production managers
- Process Safety personnel.

Committee

Co-Chairs

Kenny McAllister
Managing Director, UK,
SealTite

Michelle Monteau
Senior Well Integrity
Engineer
AkerBP

Committee Members

Felicia Cirstian
Senior Well Integrity
Engineer,
OMV

Stuart Connon
Lead Well Integrity Engineer,
TotalEnergies E&P UK

George Galloway
Advisor,
IWCF

Stuart Girling
Managing Director,
GMVi

Simon Copping
Well Integrity Domain
Champion,
Wellbarrier

Pierre-Edouard Vincent
Principal, Well Risks
Management,
TotalEnergies

Thor Paulsen
Senior Adviser Well Control
and Integrity,
Equinor

Nina Ringoen
Chief Engineer, Drilling
& Well Technology,
Havindustrielsynet (former
Petroleumstilsynet)

Kareem Shafi
Carbon Storage Manager,
Global CCUS Projects,
Drax

Birgit Vignes
Manager Well Integrity,
Var Energy

Vishal Sharma
Darkvision

Mike Hartley
Ithaca

Allan Quirk
Expro

Ron Leichsenring
ODM

Peter Egbe
Aramco

Alessandro Zanetti
Well Integrity Specialist,
Petrobras

Alice Sorbier
Shell

Remke Ellis
TGT diagnostics

About the Society of Petroleum Engineers

The Society of Petroleum Engineers (SPE) is a not-for-profit professional association with 132,000 members in 145 countries engaged in the exploration and production of oil and gas and related energy resources. SPE is a key technical and professional resource providing opportunities to exchange information at in-person and online events and through training, publications, and member programs. SPE maintains offices in Calgary, Dallas, Dubai, Houston, and Kuala Lumpur.

SPONSORSHIP OPPORTUNITIES TO ELEVATE YOUR BRAND

PLATINUM SPONSORSHIP (Exclusive Opportunity)

USD 10,000 (+VAT if applicable)

- Includes **exclusive** distribution of sponsor branded lanyards for all attendees (to be supplied by sponsor)
- Opportunity to distribute a promotional item/gift with sponsor's logo provided by sponsor for all attendees (subject to SPE approval)
- SPE app banner advert specifically targeted to event delegates linking to sponsors website (1000x500 px in .pdf, .jpg, .jpeg, or .png)
- One exclusive push notification to be sent to all delegates per day via the SPE app
- Company profile on the SPE app with logo linked to company website, with contact information and social media link
- Logo and company name on event website with link to sponsor's website
- Logo displayed on welcome roll up banners at workshop
- Logo included on thank you holding slides in between workshop sessions during breaks
- Opportunity to provide up to two pieces of digital promotional collateral to be distributed to delegates via the SPE app
- **Six (6) complimentary workshop registrations for company staff.**

GOLD SPONSORSHIP (Three Packages Available)

USD 7,500 (+VAT if applicable)

- Opportunity to distribute a promotional item/gift with sponsor's logo provided by sponsor for all attendees (subject to SPE approval)
- SPE app banner advert specifically targeted to event delegates linking to sponsors website (1000x500 px in .pdf, .jpg, .jpeg, or .png)
- One exclusive push notification on day 2 of workshop
- Company profile on the SPE app with logo linked to company website, with contact information and social media link
- Logo and company name on event website with link to sponsor's website
- Logo displayed on welcome roll up banners at workshop
- Logo included on thank you holding slides in between workshop sessions during breaks
- Opportunity to provide up to two pieces of digital promotional collateral to be distributed to delegates via the SPE app
- **Four (4) complimentary workshop registrations for company staff.**

To discuss any of these options in more depth, make a booking, or explore other options please contact:

Samir Hassan, Event Manager – Sales Manager Mena, Europe and Caspian – Society of Petroleum Engineers

Email: Shassan@Spe.org | **Mob:** +971 55 894 5446

SPONSORSHIP OPPORTUNITIES TO ELEVATE YOUR BRAND

SILVER SPONSORSHIP (Four Packages Available)

USD 5,500 (+VAT if applicable)

- Company profile on the SPE app event page with logo linked to company website, with contact information and social media link
- Logo and company name on event website with link to sponsor's website
- Logo displayed on welcome roll up banners at workshop
- Logo included on thank you holding slides in between workshop sessions during breaks
- Opportunity to provide one piece of digital promotional collateral to be distributed to delegates via the SPE app
- **Two (2) complimentary workshop registration for company staff.**

EXHIBITOR PACKAGE

USD 4,000 (+VAT if applicable)

- *(50% reduction in price if bought in conjunction with any level sponsorship package)*
- 3x2 exhibitor stand (Incl. 1x table, 1x chair, and power supply)
- Company profile on the SPE app event page with logo linked to company website
- Company name listed on the event website with a link to exhibitor's website
- **Two (2) complimentary workshop registration for company staff.**

To discuss any of these options in more depth, make a booking, or explore other options please contact:
Samir Hassan, Event Manager – Sales Manager Mena, Europe and Caspian – Society of Petroleum Engineers
Email: Shassan@Spe.org | **Mob:** +971 55 894 5446

EXHIBIT SHOWCASE OPPORTUNITIES

Exhibiting at the SPE Annual Caspian Technical Conference and Exhibition will enable you to demonstrate your company's advanced technologies and expertise, increase your brand awareness and reinforce its recognition with a highly selected audience, gathered to attend the event from around the globe.

Why Exhibit?

- Take advantage of this opportunity to promote new and existing products and services to key professionals in the industry. Share your company's expertise with a targeted group of experts.
- Showcase your advanced technologies, valuable services and unique expertise.
- Acquire valuable sales leads and customer feedback.
- Personally interact with potential and current customers.

- 1. Review the exhibition information carefully.**
- 2. Select two preferred locations from the exhibit floor plan (for the latest floor plan, please contact Samir Hassan).**
- 3. Complete, sign, and return your Exhibitor Application**

Tabletop exhibition space: USD \$4,000 (excluding VAT if applicable)

- 3x2 exhibitor stand (Incl. 1x table, 1x chair, and power supply)
- Company profile on the SPE app event page with logo linked to company website
- Company name listed on the event website with a link to exhibitor's website
- Two (2) complimentary workshop registration for company staff

**If bought in conjunction with any level sponsorship package.*
