SPE Symposium and Exhibition: Production Enhancement and Cost Optimisation
Shaping Our Future with Innovations
3–4 September 2024 | Kuala Lumpur, Malaysia

300+ participants
60+ industry and subject matter experts
15+ countries

go.spe.org/25SM02S
Message from the Symposium Co-Chairs

Dear Industry Colleagues,

We are delighted to extend a warm invitation on behalf of the Symposium Committee to the third edition of the SPE Symposium and Exhibition: Production Enhancement and Cost Optimisation, scheduled from 3–4 September 2024 in Kuala Lumpur, Malaysia.

Amidst the industry’s continuous evolution and the urgent need for decarbonisation in the transition towards sustainable energy sources, the emphasis on production output optimisation, precision in cost control, and the adoption of low-carbon, sustainable practices including GHG emissions management and operational efficiency, has become paramount.

Digitalisation, automation, and electrification enhance operational efficiency, while data analytics, predictive maintenance, and asset integrity management ensure equipment reliability and minimise downtime. Additionally, reservoir management strategies optimise hydrocarbon recovery, and innovations in subsea and remote operation technologies create new possibilities in challenging offshore environments. Collaborative efforts among industry players in driving innovation and cost-sharing also underscore the increasing importance of partnership in industry.

This symposium has been meticulously designed to provide a comprehensive industry update while fostering knowledge exchange within the collaborative sphere of production optimisation. This event serves as a crucial platform for engaging in high-level discussions with senior leaders and facilitating the sharing of technical expertise through the presentation of best practices and case studies; all with the ultimate goal of achieving optimised and cost-efficient operations.

We would like to thank our committee members, speakers, sponsors, exhibitors, and participants for your continued support. We encourage you to take this opportunity to gather and connect with industry players to share insights, experiences, increase our efforts to collaborate and support future challenges and opportunities.

We look forward to your support and participation at the SPE Symposium and Exhibition: Production Enhancement and Cost Optimisation. See you in Kuala Lumpur!

Handan Ramli
Head, Production and Operations Management
Malaysia Petroleum Management
PETRONAS

Chong Chee Seong
Vice President, Strategic Ventures

REGISTRATION NOW OPEN

Register by **16 June 2024** to take advantage of the Super Early Bird offer. Group registration packages are also available – Register 5 people and pay for the price of 4.

*This Conference Preview is updated as at 17 April 2024*
## Driving Productivity, Optimising Costs

In the ever-changing landscape of the industry and the pressing call for sustainable practices in the shift to renewable energy, there is a critical focus on enhancing production efficiency, meticulous cost management, and embracing eco-friendly measures such as managing greenhouse gas emissions and improving operational efficiency. The significance of collaboration among industry stakeholders in promoting innovation and sharing costs further highlights the growing importance of partnerships in the sector.

| Executive plenary and panel sessions by industry business leaders | 200+ participants from 15+ countries | 60+ industry and subject matter speakers and technical presentations |
| 15+ hours of engaging plenary, panels, technical, and ePoster sessions | 6+ hours of targeted networking breaks | Exhibit showcase of cutting-edge services and solutions |

The symposium will provide critical and timely industry insights and facilitate knowledge sharing on advance production optimisation and operational decarbonisation. Senior business leaders and subject matter experts will share best practices and case studies to achieve optimised, cost-effective, and low-carbon production operations through interactive dialogues and industry-leading technical presentations.
Join decision makers, business executives, technical professionals, and academia specialising in:

- Digitalisation and Remote Operations
- Drilling and Completions
- Geology and Geophysics
- HSE and Risk Management
- Production and Operation Management
- Production Technology
- Reservoir and Production Surveillance
- Wells Engineering and Service
- Country and Asset Managers

**Engage** with a diverse community of global industry experts and peers to exchange ideas and share experiences

**Share and expand** insights on production enhancement and cost optimisation strategies

**Be informed** of the latest methodologies, technological advancements, and solutions

REGISTRATION NOW OPEN

Register by **16 June 2024** to take advantage of the Super Early Bird offer. Group registration packages are also available – Register 5 people and pay for the price of 4.

Executive Plenary Session

Shaping our Future with Innovations

Tuesday, 3 September 2024 | 0900-0930hours | Grand Ballroom I & II, Level 6A

Now, more than ever, the necessity of practical approaches to energy transition within our industry is undeniable. We must proactively bring the future forward to the present, recognising that the sustainability of our sector hinges on adapting our current practices to meet future demands. With costs escalating due to geopolitical tensions and the lasting effects of the pandemic, ensuring energy remains affordable for all is paramount.

Production and operations are also challenged by supply chain disruptions, prompting us to take proactive action to improve resilience and efficiency. By embracing innovation and practical solutions, we can navigate these challenges and ensure a smooth transition towards a sustainable energy future.

Panel Sessions

Panel Session 1: Production Sustainability through Cost Optimisation and Collaboration

Cost optimisation, collaboration, and sustainability are integral pillars of production enhancement, each contributing uniquely to overall efficiency and value creation. By strategically managing costs through resource optimisation and streamlined processes, organisations can ensure financial resilience and maintain a competitive advantage. Collaboration across the value chain fosters innovation, knowledge sharing, and faster problem-solving, resulting in improved product quality and enhanced customer satisfaction. Integrating sustainable practices not only fulfils environmental responsibilities but also drives operational efficiencies, cost savings, and enhances brand reputation. Together, these elements form a robust framework for sustainable growth, resilience, and a positive societal impact within the production ecosystem.

In this engaging discussion, panellists will share their experiences, best practices, and forward-thinking solutions aimed at achieving production enhancement goals while prioritising environmental responsibility. This session will delve into exploring advanced technologies and methodologies that streamline production processes, reduce costs, and promote collaboration throughout the supply chain, all while balancing cost efficiency with environmental sustainability. Participants will gain insights into industry-leading practices, challenges, and opportunities in MMV (monitoring, measurement, and verification), as well as how strategic partnerships and sustainable practices drive tangible improvements in production enhancement, fostering new avenues for growth and environmental stewardship in the energy sector.

Tuesday, 3 September 2024 | 1100 – 1230hours | Grand Ballroom I & II, Level 6A
Panel Sessions

Panel Session 2: Supply Chain Structure and Cost

This panel will focus discussions on the complexities of supply chain management in industry, focusing on strategies to enhance efficiency, reduce costs, and improve collaboration amongst stakeholders. It will begin by assessing the current challenges faced by the industry and explore innovative approaches such as digitalisation, lean principles, and strategic partnerships that reshape supply chain dynamics while ensuring cost competitiveness.

Gain valuable insights into best practices, opportunitues, and emerging trends in supply chain optimisation, and discover how a well-structured and cost-effective supply chain is essential for sustainable growth and operational excellence.

Wednesday, 4 September 2024 | 0900 – 1030hours | Grand Ballroom I, Level 6A

Technical Panel Session

Technical Panel Session: Innovative Solutions and Enabling Technologies

This session will explore the cutting-edge technologies such as AI, IoT, machine learning, and automation, showcasing their pivotal role in enhancing production efficiency, reducing operational costs, and driving sustainable practices. Discover how these technologies enable real-time monitoring, predictive maintenance, and data-driven decision-making, revolutionising production processes and unlocking new levels of performance and reliability.

This panel will provide insights into successful implementation strategies, integration challenges, and the future roadmap of innovative solutions and enabling technologies in the industry. Additionally, this panel will address the technical challenges that the industry faces and how innovative solutions will meet the optimisation goal while ensuring sustainable energy efficiency.

GOLD SPONSOR
Early Bird Rate: USD 7,900 per sponsor
(Normal Rate: USD 8,200)

BENEFITS
• Recognised as Gold Sponsor
• One (1) 4 sqm Exhibit Showcase display kiosk
• Six (6) complimentary Full Symposium registrations*
• Ten (10) Exhibit Showcase Visitor registrations**
• Company/product listing in the Mobile App
• Company logo in the digital Symposium Preview***, event website, Mobile App, and onsite sponsor recognition
• 10% discount on additional sponsorship items

DISPLAY KIOSK ENTITLEMENTS
• 2m x 2m Exhibit Showcase display kiosk
• 2mW x 2.5mH back wall with customised graphics
• 43-inch TV with stand
• One (1) information counter with front customised graphics
• Lighting
• One (1) 4 amp power point
• Two (2) bar stools
• One (1) waste paper bin

SILVER SPONSOR
Early Bird Rate: USD 5,900 per sponsor
(Normal Rate: USD 6,200)

BENEFITS
• Recognised as Silver Sponsor
• One (1) 4 sqm Exhibit Showcase display kiosk
• Four (4) complimentary Full Symposium registrations*
• Ten (10) Exhibit Showcase Visitor registrations**
• Company/product listing in the Mobile App
• Company logo in the digital Symposium Preview***, event website, Mobile App, and onsite sponsor recognition
• 10% discount on additional sponsorship items

DISPLAY KIOSK ENTITLEMENTS
• 2m x 2m Exhibit Showcase display kiosk
• 2mW x 2.5mH back wall with customised graphics
• 43-inch TV with stand
• One (1) information counter with front customised graphics
• Lighting
• One (1) 4 amp power point
• Two (2) bar stools
• One (1) waste paper bin

STANDARD PACKAGE
Early Bird Rate: USD 3,900 per booth
(Normal Rate: USD 4,200)

BENEFITS
• One (1) 4 sqm Exhibit Showcase display kiosk
• Two (2) complimentary Full Symposium registrations*
• Five (5) Exhibit Showcase Visitor registrations**
• Company/product listing in the Mobile App

DISPLAY KIOSK ENTITLEMENTS
• 2m x 2m Exhibit Showcase display kiosk
• 2mW x 2.5mH back wall with customised graphics
• One (1) information counter with front customised graphics
• Lighting
• One (1) 4 amp power point
• Two (2) bar stools
• One (1) waste paper bin

Notes:
* Full Symposium registration includes access to the Opening and Keynote Session, Executive Plenary Session, Panel Sessions, Technical Sessions, Knowledge Sharing ePoster Sessions, Exhibit Showcase, Daily Networking Luncheons, Welcome Reception (if any) and Daily Coffee Breaks.
** Exhibit Showcase Visitor registration includes access to the Exhibit Showcase, Knowledge Sharing ePoster Sessions, Welcome Reception (if any) and Daily Coffee Breaks.
*** Sponsors will be acknowledged in the digital Symposium Preview (if confirmed by 28 June 2024) and Mobile App (if confirmed by 2 August 2024).

speki@spe.org
General Information

Venue
Four Seasons Hotel Kuala Lumpur
145, Jalan Ampang, 50450, Kuala Lumpur, Malaysia
Tel: +60 3 2382 8722
Website: http://www.fourseasons.com/kualalumpur

Airport
Kuala Lumpur International Airport (KLIA) and KLIA 2 is the main airport in Malaysia for many international and domestic destinations. It is approximately 50km from Kuala Lumpur with various options of transportation via airport/hotel limousine, taxis, buses. The most convenient way to travel into Kuala Lumpur is via the KLIA Express, which takes 28 minutes to reach Kuala Lumpur.

Badge Collection
Event badges can be collected during the event at the venue. Badges are required for admission into the event and must be worn at all times during event days.

Accommodation
The following hotel is within proximity of the event. All accommodation and hotel bookings are to be made directly with the hotel.

Four Seasons Hotel Kuala Lumpur
145, Jalan Ampang, 50450, Kuala Lumpur, Malaysia
Tel: +60 3 2382 8722
Website: http://www.fourseasons.com/kualalumpur

Booking Deadline: 1 September 2024

Visa
Event attendees travelling to Kuala Lumpur, Malaysia must be in possession of passports valid for a least six (6) months with proof of onward passage out of the country. Visa requirements depend on the country of origin. Please check with your travel agent, or the Malaysia Embassy or Consulate on regulations relating to immigration/visa before your departure.

An invitation letter to facilitate the application of visa will be issued to registered attendees if required. Download Invitation Letter Request Form here. Please send the request to Faezah Saaban at email fsaaban@spe.org.

Please note that it is the sole responsibility of the attendee to obtain the necessary paperwork for entry into Malaysia. The invitation letter does not guarantee that you will be granted a visa.

The Society of Petroleum Engineers (SPE) is a not-for-profit organisation. Income from this event will be invested back into SPE to support many other Society programmes. When you attend, sponsor, or exhibit at an SPE event, you help provide even more opportunities for industry professionals to enhance their technical and professional competence. Scholarships, certification, the Distinguished Lecturer programme, and SPE’s energy education programme Energy4me® are just a few examples of programmes supported by SPE.
Visit go.spe.org/25SM02S for more information about SPE Symposium and Exhibition: Production Enhancement and Cost Optimisation.
