# SPE/JAPT Workshop: CCUS and Low Carbon Fuels

REGISTER TODAY 

## About the Workshop

### SPE/JAPT Workshop: CCUS and Low Carbon Fuels

The SPE/JAPT Workshop: CCS/CCUS and Low Carbon Fuels, co-hosted by the Society of Petroleum Engineers (SPE) and the Japanese Association for Petroleum Technology (JAPT), comes at a crucial time as the Asia Pacific region navigates the critical period leading up to 2030 – a pivotal year for climate change mitigation efforts. With energy transition and sustainability becoming integral to the core business strategies of organisations committed to tackling environmental and societal challenges, the once theoretical concepts of CCS (Carbon Capture and Storage), CCUS (Carbon Capture, Utilisation, and Storage), and low-carbon fuels have now become practical projects demanding immediate action and international collaboration.

**ENGAGE** with a diverse community of global industry experts to exchange ideas and share experiences

**UNCOVER** key drivers essential for the success of CCUS projects

**BROADEN** your technical knowledge and **IDENTIFY** challenges and opportunities for CCUS

**BENEFIT** your organisation and company by applying the knowledge acquired from the workshop

## Who Should Attend?

- |   |   |
|---|---|
|  <b>ASSET INTEGRITY</b>                        |  <b>PRODUCTION TECHNOLOGY</b>              |
|  <b>CCS/CCUS</b>                               |  <b>REGULATORS</b>                         |
|  <b>DRILLING AND COMPLETIONS</b>               |  <b>RESEARCH, DEVELOPMENT AND ACADEMIA</b> |
|  <b>GEOLOGY AND RESERVOIR CHARACTERISATION</b> |  <b>SUBSEA AND SUBSURFACE MANAGEMENT</b>   |
|  <b>HSE AND RISK MANAGEMENT</b>                |  <b>WELL AND RESERVOIR SURVEILLANCE</b>    |
|  <b>MANAGEMENT OF CHANGE</b>                   |  <b>WELL ENGINEERING AND SERVICE</b>       |
|  <b>PROCESS SAFETY MANAGEMENT</b>              |  <b>WELLS MANAGEMENT</b>                   |
|  <b>PRODUCTION ENGINEERING</b>                 |  <b>WELL INTERVENTION AND SERVICES</b>     |
|  <b>PRODUCTION AND OPERATION MANAGEMENT</b>    |   |

MEMBER?**

Join SPE today and receive a **discounted registration rate** for this workshop and other SPE events.

## Sponsorship Opportunities

Sponsorship support of the event helps offset the cost of producing workshops and allows SPE to keep the attendance price within reach of operation level-individuals, those who benefit most from these technical workshops.

Sponsors benefit both directly and indirectly by having their names associated with a specific workshop. While SPE prohibits any type of commercialism within the workshop room itself, the Society recognises that sponsoring companies offer valuable information to attendees outside the technical sessions.

Entitlements	Principal Sponsor USD 10,000	Gold Sponsor USD 8,000	Silver Sponsor USD 4,000
Complimentary Full Workshop registrations	10	6	3
Acknowledgement during Welcome Remarks	✓		
Company logo on front cover of workshop flyer/brochure	✓

Company logo displayed during event	✓	✓	✓
Company logo in all workshop promotional email broadcasts	✓	✓	✓
Company logo links to sponsor's website on digital platforms including but not limited to event website, marketing materials and social media postings	✓	✓	✓
Company logo in all workshop Mobile App attendee emailers	✓	✓	✓
Company Logo listed in workshop brochure	✓	✓	✓

**Sponsorship packages are offered on a first-come, first-served basis.** Please contact Madeline Florid at [mflorid@spe.org](mailto:mflorid@spe.org) to verify the availability of a particular sponsorship package.

### Enhance Brand Identity

Enhance and strengthen your brand identity to a targeted audience

### Maximise Visibility

Expand and maximise your brand and organisation's visibility and longevity at the event in-person and on the mobile app

### Reinforce Relationships

Reinforce your organisation's relationships with key industry practitioners

### Demonstrate Commitment

Demonstrate your commitment to the industry through support

## Who We Are

SPE is the largest individual member organisation serving managers, engineers, scientists and other professionals worldwide in the upstream segment of the oil and gas industry.

*The Society of Petroleum Engineers (SPE) is a not-for-profit organisation. Income from this event will be invested back into SPE to support many other Society programmes. When you attend an SPE event, you help provide even more opportunities for industry professionals to enhance their technical and professional competence. Scholarships, certification, the Distinguished Lecturer programme, and SPE's energy education programme Energy4Me® are just a few examples of programmes supported by SPE.*
