DRILLING AND PRODUCTION: COLLABORATIVE AND INNOVATIVE APPROACHES

23-25 SEPTEMBER 2025 | Cairo, Egypt

Who We Are

SPE is the largest individual member organisation serving managers, engineers, scientists and other professionals worldwide in the upstream segment of the oil and gas industry.

The Society of Petroleum Engineers (SPE) is a not-for-profit organisation. Income from this event will be invested back into SPE to support many other Society programmes. When you attend, sponsor, or exhibit at an SPE event, you help provide even more opportunities for industry professionals to enhance their technical and professional competence. Scholarships, certification, the Distinguished Lecturer program, and SPE's energy education programme Energy4me® are just a few examples of programmes supported by SPE.

Why Sponsor an SPE Workshop?

Our sponsors benefit directly by having their name associated with the highest-quality technical content and relevant themes. The value of promoting your organisation's name and brand at this event is immeasurable. Don't miss the opportunity to enhance your company's presence and support the oil and gas industry.

Sponsorship Opportunities

Our sponsorship packages have been carefully designed to align with different marketing objectives and to suit a wide range of budgets. Give your organisation maximum exposure to a technically savvy audience of E&P professionals, including top decision-makers in the industry.

- One (1) complimentary workshop registration

SPE WORKSHOP

23-25 SEPTEMBER 2025 | Cairo, Egypt

Drilling and Production: Collaborative and Innovative Approaches

Workshops offer sponsors unique access to a focused group of key decision-makers in the oil and gas industry. While SPE prohibits any type of commercialism within the workshop itself, it recognizes that sponsoring companies offer valuable information to attendees.

For a detailed list of available sponsorships, including benefits and pricing, contact Gehan Megahed at gmegahed@spe.org.
