**Re: SPE / IADC Asia Pacific Drilling Technology Conference and Exhibition
5 – 6 August 2026 • Bali, Indonesia**

Dear Mr. Djoko Siswanto,

On behalf of the Society of Petroleum Engineers (SPE) and the International Association of Drilling Contractors (IADC), we are pleased to inform you that the [SPE/IADC Asia Pacific Drilling Technology Conference and Exhibition \(APDT 2026\)](#) will be held from **5 - 6 August 2026 in Bali, Indonesia**, and will be hosted by Pertamina.

APDT is the region's leading technical conference dedicated to drilling and well technologies, jointly organised by SPE and IADC. The conference brings together operators, drilling contractors, service companies, technology providers, and regulators to exchange insights, share best practices, and discuss innovations shaping the future of drilling and well intervention across the Asia Pacific region.

Since its inception in 1992, APDT has served as a key platform for technical exchange, technology dissemination, and industry collaboration. The previous edition, held in Bangkok, Thailand in 2024, attracted over 1,200 delegates and more than 100 exhibiting companies from over 30 countries, underscoring its strong regional and international standing.

For APDT 2026, the conference leadership team includes distinguished industry leaders who bring strong technical and strategic governance to the programme:

- **Conference Advisor:** Henricus Herwin, Senior Vice President, Strategy and Investment, **PT Pertamina (Persero)**
- **Conference Vice-Chair:** Mery Luciwaty, Director, Development and Production, **PT Pertamina Hulu Energi**
- **Programme Co-Advisors:**
 - Avep Disasmita, President Director, **PT Pertamina Drilling Services Indonesia (PDSI)**
 - Yuzaini Md Yusof, President Director & Country Chairman, **PETRONAS Indonesia**
 - Surya Widyantoro, Head of Drilling and Well, SKK Migas
- **Programme Chair:** Fata Yunus, Vice President, Drilling & Well intervention, **PT Pertamina Hulu Energi**
- **Programme Co-Vice Chairs:**
 - Niu DeCheng, President Director, **PT COSL INDO**
 - Ida Bagus Budiarta, Vice President Wells, **Medco E&P Indonesia**

SPE/IADC Asia Pacific Drilling Technology Conference and Exhibition

Transforming Drilling and Wells for an Efficient and Intelligent Energy Future

5-6 August 2026 | Bali, Indonesia

These leaders, along with the wider Programme Committee, are shaping a robust technical programme that aligns with industry priorities and regional development objectives.

Importantly, the mission and objectives of the **Indonesia Drilling & Well Intervention Forum (IDWF) will also be incorporated into the APDT 2026 programme**, enhancing its relevance to the Indonesian upstream sector and providing continuity in regional dialogue on drilling and well intervention topics.

Hosting APDT 2026 in Indonesia presents a valuable opportunity to support regional knowledge transfer, best-practice sharing, and collaboration, while advancing technical excellence, innovation, and operational efficiency in line with Indonesia's upstream development agenda.

In this regard, **SKK Migas' endorsement and support** would be invaluable in reinforcing the conference's relevance and impact for Indonesia's upstream community. Upon your confirmation, **SKK Migas** will be recognised as the **Official Supporter**, with its logo featured prominently across conference promotional and on-site materials.

We would be most grateful to receive your official confirmation by **Friday, 9 January 2026**, to facilitate timely incorporation into conference communications and outreach activities. Should you require any further information or clarification, please do not hesitate to contact Ms. Michelle Tan, Director, Asia Pacific Events, SPE Asia Pacific, at +603 2182 3000 or via email at mtan@spe.org

On behalf of SPE and IADC, we sincerely thank **SKK Migas** for its continued leadership and support in advancing Indonesia's upstream oil and gas industry. We look forward to partnering with **SKK Migas** and Pertamina for the successful delivery of **APDT 2026** in Indonesia.

Yours sincerely,

Jennifer L. Miskimins
2026 SPE President
