

AAPG | EAGE | SEG | SPE

IPTC Summit
13–14 January 2026, Dubai, United Arab Emirates

Permission for Publication of Abstract at IPTC Summit Website

IPTC is a collaboration between the American Association of Geologists (AAPG), European Association of Geoscientists & Engineers (EAGE), Society of Geophysicists (SEG) and Society of Petroleum Engineers (SPE).

In the event that the author of an accepted paper proposal does not wish to provide a full manuscript or an extended abstract and the associated Transfer of Copyright forms by the deadline of **10 November 2025**, the IPTC organisers will include the original/revised abstract, as submitted to IPTC Summit, on the Conference Website.

This form serves as your confirmation to IPTC on the inclusion of your abstract in the IPTC Summit Website. Please note that the abstract will be prepared on the IPTC template and converted to a PDF format. You have the option 1) to release your original abstract, 2) to release an edited version of your abstract, or 3) to decline release of any portion of your abstract and agree to withdraw your presentation from the programme.

----- Reply Form -----

Please indicate your preference of release:

☐

Permission granted to publish the original abstract on the 2026 IPTC Summit Website.

☐

Permission granted to publish the attached revised abstract (edit of original submission or a new version) on the IPTC Website.

☐

No permission granted for release of abstract. I understand and agree that my presentation will be withdrawn from the programme.
