Technology and Innovative Thinking for Unlocking Stranded Gas Resources

[CALL FOR ABSTRACTS](#)

TECHNOLOGY AND INNOVATIVE THINKING FOR UNLOCKING STRANDED GAS RESOURCES

21 - 22 JULY 2026 | KUALA LUMPUR, MALAYSIA

About the Workshop

Technology and Innovative Thinking for Unlocking Stranded Gas Resources

Stranded gas assets in Asia Pacific face challenges including limited infrastructure, variable gas quality, high costs, and ageing facilities, yet they remain critical to the region's energy supply. Unlocking these resources requires tailored solutions such as floating and small-scale LNG, virtual pipelines, and clustering of marginal fields, supported by strong collaboration between operators and regulators.

This workshop will explore practical strategies to unlock stranded gas, focusing on advanced technologies, policy and fiscal frameworks, and innovative approaches. Participants will gain insights into how smarter design, innovative technologies, and sustainability-driven solutions can transform high-contaminant gas into reliable energy contributors.

DISCOVER practical approaches for unlocking stranded gas assets while improving efficiency and sustainability.

EXPLORE how smarter design and leaner, cleaner facilities can maximise gas value and strengthen regional energy supply.

GAIN INSIGHTS from real-world case studies and lessons learnt to enhance field development and operations.

NETWORK and EXCHANGE diverse perspectives with peers and experts in gas development from the region and around the world.

Who Should Attend?

-  **ACADEMIA AND RESEARCH**
-  **AI AND MACHINE LEARNING**
-  **ARTIFICIAL LIFT OPTIMISATION SYSTEMS**
-  **CONSULTING**
-  **DOWNHOLE DATA LOGGING AND ANALYSIS**
-  **DRILLING AND COMPLETIONS ENGINEERING**
-  **ENHANCED GAS RECOVERY (EGR) TECHNIQUES**
-  **FACILITIES AND PRODUCTION ENGINEERING**
-  **FIELD DEVELOPMENT AND PLANNING**
-  **GAS MARKET AND REGULATORY AFFAIRS**
-  **GEOSCIENCE**
-  **PIPELINE AND PROCESS ENGINEERING**
-  **PRODUCTION TECHNOLOGY**
-  **PRODUCTION ASSURANCE**
-  **SAND CONTROL**
-  **SUBSEA ENGINEERING AND WELL INTERVENTION**
-  **WELLBORE INTEGRITY**
-  **ZONAL ISOLATION**

NOT AN SPE MEMBER?

TECHNOLOGY AND INNOVATIVE THINKING FOR UNLOCKING STRANDED GAS RESOURCES

21 - 22 JULY 2026 | KUALA LUMPUR, MALAYSIA

Sponsorship Opportunities

Sponsorship support of the event helps offset the cost of producing workshops and allows SPE to keep the attendance price within reach of operation level-individuals, those who benefit most from these technical workshops.

Sponsors benefit both directly and indirectly by having their names associated with a specific workshop. While SPE prohibits any type of commercialism within the workshop room itself, the Society recognises that sponsoring companies offer valuable information to attendees outside the technical sessions.

Entitlements	Principal Sponsor USD 10,000	Gold Sponsor USD 8,000	Silver Sponsor USD 4,000	Table Display* USD 2,500
Complimentary Full Workshop registrations	10	6	3	1
Acknowledgement during Welcome Remarks	✓			
Company logo on front cover of workshop flyer/brochure	✓			
Company logo on Mobile App attendee email header	✓			
Opportunity to insert sponsors' promotional materials (PDF or link) as downloadable resources in Mobile App	✓	✓		
Company logo displayed during event	✓	✓	✓	✓
Company logo in all workshop promotional email broadcasts	✓	✓	✓	✓
Company logo links to sponsor's website on digital platforms including but not limited to event website, marketing materials and social media postings	✓	✓	✓	✓
Company logo in all workshop Mobile App attendee emails	✓	✓	✓	✓
Company logo listed on workshop brochure	✓	✓	✓	✓
Option to display one company bunting**	✓	✓	✓	✓

*Include 1 Oblong Table + 2 Chairs

**Company to provide bunting

Sponsorship packages are offered on a first-come, first-served basis. Please contact Diana Rose Robert at drrobert@spe.org to verify the availability of a particular sponsorship package.

Enhance Brand Identity

Enhance and strengthen your brand identity to a targeted audience

Maximise Visibility

Expand and maximise your brand and organisation's visibility and longevity at the event in-person and on the mobile app

Reinforce Relationships

Reinforce your organisation's relationships with key industry practitioners

Demonstrate Commitment

Demonstrate your commitment to the industry through support

Who We Are

SPE is the largest individual member organisation serving managers, engineers, scientists and other professionals worldwide in the upstream segment of the oil and gas industry.

The Society of Petroleum Engineers (SPE) is a not-for-profit organisation. Income from this event will be invested back into SPE to support many other Society programmes. When you attend an SPE event, you help provide even more opportunities for industry professionals to enhance their technical and professional competence. Scholarships, certification, the Distinguished Lecturer programme, and SPE's energy education programme Energy4Me® are just a few examples of programmes supported by SPE.
