Exhibition and Sponsorship Opportunities

Welcome Message

On behalf of the Society of Petroleum Engineers (SPE), the International Association of Drilling Contractors (IADC), and the Programme Committee, we are pleased to invite you to the IADC/SPE Asia Pacific Drilling Technology Conference and Exhibition, which will be held 10-11 June 2021 in Yangon, Myanmar.

APDT, the premier drilling and well technology conference in the Asia Pacific region, provides a platform for industry professionals to share experiences, make new connections and conduct business. Since its inception in 1996, APDT has been held biennially rotating amongst major cities in the Asia Pacific region. Given the increased exploration activities and its dynamic energy sector, APDT 2021 will set stage in Yangon, Myanmar; co-hosted by Myanmar Oil and Gas Enterprise (MOGE) and PTT Exploration and Production Public Company Limited (PTTEP).

On behalf of MOGE and PTTEP, we welcome your company to Myanmar to meet with the region's industry leaders and explore the opportunities, challenges and strategies available. The conference will be a vibrant platform for knowledge transfer and networking, and we offer your organisation the opportunity to participate as an exhibitor, or to subscribe to one or more of the sponsorship opportunities outlined in this brochure.

We look forward to visiting your organisation's exhibit, and thank you in advance for your participation in, and your generous support of, the 2021 IADC/SPE Asia Pacific Drilling Technology Conference and Exhibition in Yangon, Myanmar.

Sincerely,

About the Conference

Since 1983, the Society of Petroleum Engineers (SPE) and the International Association of Drilling Contractors (IADC) have conducted an annual drilling conference that rotates between Europe and the U.S. To better serve the growing membership and industry professionals in Asia Pacific, the IADC/SPE Asia Pacific Drilling Technology Conference and Exhibition (APDT) has been held biennially since 1996, rotating amongst major cities in Asia Pacific. Over the past decade, APDT has established itself as a major technical conference on drilling technology and operations in the region.

APDT 2021 provides participants with crucial insights into the latest industry trends, technical expertise, best practices and innovative applications related to the field of drilling to continue to enhance the business value chain and propel the industry forward.

APDT 2021 will bring together industry leaders, drilling subject matter experts and energy companies to share new perspectives and discuss technological advancements through a comprehensive two-day conference programme with stimulating plenary, panel, special/project case study and multidisciplinary technical sessions.
