

International Petroleum Technology Conference, Limited

P.O. Box 10044, 50700 Kuala Lumpur, Malaysia

Telephone: 60.3.2182.3000 • Fax: 60.3.2182.3030 • Email: iptc@iptcnet.org • Website: www.iptcnet.org

The COVID-19 pandemic has resulted in unprecedented and ongoing global challenges for everyone in our industry. The health and safety of our partners, attendees, exhibitors, and staff are of utmost importance.

Considering the rapidly changing guidance and restrictions by governments and companies, and following consultation with key partners and stakeholders, the decision has been made to hold IPTC 2021 as a virtual conference and exhibition to be held from 23 March-2 April 2021.

By shifting to a virtual event, we are committed to providing the industry a platform for continued multi-disciplinary knowledge-sharing and professional development, and to hear from thought leaders on the challenges facing our industry. In addition, a virtual event will provide opportunities for sponsoring and exhibiting companies to showcase solutions, network and connect with long standing and potential clients during this challenging time.

The virtual event will be held over nine half-days from 23 March to 2 April 2021 and will include exciting new sessions such as an IPTC Insights series to provide a unique opportunity to hear from industry leaders engaging in in-depth discussions on key topics related to business, technology, industry trends and diversity and inclusion.

We look forward to the solidarity and collaboration of our industry and its leaders to support this opportunity to bring the industry together through an innovative digital programme.

We understand there will be many questions about what a virtual IPTC will entail. IPTC will be communicating more information as plans are finalised.

We thank you for your patience and understanding given these complex circumstances and look forward to your participation in IPTC next year.

Sincerely,

Mahmoud M. Abdulbaqi
Chairman of the Board of Directors
International Petroleum Technology Conference

Adif Zulkifli
Vice-Chairman of the Board of Directors
International Petroleum Technology Conference and
Executive Vice President & CEO, Upstream
PETRONAS

About IPTC

Founded in 2005, the International Petroleum Technology Conference (IPTC) is the flagship multidisciplinary technical event in the Eastern Hemisphere. The scope of the conference programme and associated industry activities address the technology and relevant industry issues that challenge industry specialists and management around the world.

IPTC is sponsored by four industry organisations and societies, the American Association of Petroleum Geologists (AAPG); the European Association of Geoscientists and Engineers (EAGE); the Society of Exploration Geophysicists (SEG); and the Society of Petroleum Engineers (SPE).

IPTC is focused on the dissemination of new and current technology, best practices and multi-disciplinary activities designed to emphasise the importance of the value chain and maximising asset value. The knowledge, capabilities and strengths of the participating countries and the sponsoring societies global membership, over the spectrum of multi-disciplinary technologies, are central to the success of the conference the corresponding exhibition.

For more information, please contact: iptc@iptcnet.org or visit 2021.iptcnet.org.
