

International Petroleum Technology Conference (IPTC)
21-23 February 2022 • Dhahran, Saudi Arabia

EXCELLENCE IN PROJECT INTEGRATION AWARD
PROJECT INFORMATION FORM

DEADLINE FOR AWARD PROJECT INFORMATION FORM AND ABSTRACT: 22 JULY 2021

STEPS TO NOMINATE A PROJECT:

- Complete and return Project Information Form** to Yamuna Zaveri, IPTC Event Manager at email: yzaveri@spe.org.
- Prepare and return a 1 page abstract explaining how the nominated project addresses the award criteria**
 - Project Impact (local or regional or international) (20%)
 - Use of New Technologies (20%)
 - Project Elements (full value chain from exploration to delivery or brownfield complexity) (15%)
 - Project Execution (budget, timing challenges, etc.) (15%)
 - Subsurface, Geoscience and Surface Integration Aspects (15%)
 - HSE (10%)
 - Environment and De-Carbonisation (5%)

Return completed documents no later than 22 July 2021 to Yamuna Zaveri, IPTC Event Manager at email: yzaveri@spe.org.

***Please note:** Only completed project above USD500 million are to be considered. Projects must be completed (first or incremental gas or oil production) in the past 5 years and six months from the scheduled conference date (i.e. qualification period is 21 March 2016 to 21 August 2021). Project nominations will remain active for future IPTC events, until the project nomination no longer matches the qualification period.*

Project Name: _____
 Your Name: _____
 Job Title / Position: _____
 Company / Organisation: _____
 Email: _____

1. Operatorship	Are you the operator of the nomination project?	Yes / No (Y/N)	_____
2. Reservoir Characteristics	Which type of reservoir?	Conventional (Y/N) Unconventional (Y/N) Oil (Y/N) Gas (Y/N) Sand (Y/N) Limestone (Y/N) Other (Specify)	_____ _____ _____ _____ _____ _____
3. Target Production Rate	Specify the target production rate:	Gas Project LNG Project Oil Project Condensate	_____ mmscf/d _____ mn annual ton _____ mbopd _____ mbopd
4. Project Cost	What was the project cost (USD) at the time of Final Investment Decision (FID)?	USD	_____
5. Peak Manpower for Execution	Please note that it is optional include contractor man hours	USD	_____
6. Project Loss Time Injury Frequency (LTIFR)	LTIFR should be in accordance to OGP standard. TRIFR, MTI if possible.	LTIFR: TRIFR: MTI:	_____ _____ _____

30 March 2021

As the upstream oil and gas industry moves towards increasingly complex and capital intensive projects, conventional practices must be challenged. It is critical that lessons are shared from successfully integrated project that embody excellence. The IPTC committees and sponsoring societies believe in highlighting projects above US\$500 million that have demonstrated distinction throughout the entire exploration to production value chain.

The IPTC Excellence in Project Integration Award is given to a project that adds value to the industry and exemplifies strong teamwork, solid geoscience knowledge, reservoir and production engineering acumen, determined and watchful construction, and outstanding facilities engineering practices. Equally important, successful projects require a pervasive culture of HSE, and a positive impact on the country, the region and the world.

The finalists and winner will be recognised at the Opening Ceremony on Monday, 21 February 2022.

Each finalist will also present the details of their project and answer audience questions in special 90-minute sessions on 21-23 February 2022.

Eligibility

The conditions of eligibility are as follows:

- I. There are no limitations regarding the nationality or geographic operation for a company or institution to be nominated. The terms “company”, “organisation”, and “institution” shall include any size or type of commercial organisation, governmental agency, educational or research institution, or professional or technical organisation.
- II. To be eligible for nomination and consideration by the IPTC Award Committee, a company, organisation, or institution shall have made a distinct and unique achievement in integrated project management.
- III. The project shall be one involving the development of oil and/or gas resources, and involve expenditure of over US\$500 million.
- IV. National oil companies, international operating companies, contractors and service companies are encouraged to submit project nominations.
- V. International joint company projects will be accepted.
- VI. Companies, organisations, or institutions may submit more than one (1) project.
- VII. Projects must be completed (first or incremental gas or oil production) in the past five years and six months from the scheduled conference date.
- VIII. Previous IPTC Award winning and finalist projects are not eligible for resubmission.
- IX. A joint award may be given to more than one company, organisation, or institution if recommended by the IPTC Award Committee.
- X. If selected, the company, organisation, or institution must designate and send at least one representative to the respective IPTC event where the award will be presented. The designated representative will receive the award and present the project at the 90-minute IPTC Award Project Finalist Session allotted to each finalist to be held during the conference.
