About OTC 2019

More than 59,000 professionals involved in the offshore energy sector converged in Houston, Texas to attend the Golden Anniversary of OTC. Throughout the four days of the event, attendees from around the world gathered to share technical knowledge to advance the development of the offshore energy sector. For the last five decades, OTC has played a major role in connecting people from more than 130 countries to collaborate and discuss the challenges and solutions encountered in the industry.

OTC's Golden Anniversary Opening Session featured industry executives who discussed the milestones of the last 50 years and their vision for the future of offshore E&P operations.

Testimonials

“I have been attending OTC for over 25 years...there is no substitute for the face-to-face opportunities for discussions and learning provided by these exhibitors who are well-prepared to engage customers.”

“As an attendee for over 10 years, OTC remains a staple in the offshore business world. It is imperative to attend and network if you are in or want to be in this industry.”

“As a newcomer to OTC, I was thrilled! The exhibitors were terrific and the attendance was impressive. I was able to meet clients within the show and outside the show. We will be back.”

“As the end user (operator), I explored a lot of new information and technologies that can be applied to my business unit, moreover I can directly contact these manufacturers and service providers easily.”
