## About OTC 2021

Almost 11,000 professionals converged in Houston, Texas or participated virtually to share technical knowledge to advance the development of the offshore energy sector. For the last five decades, OTC has played a major role in connecting people from more than 130 countries to collaborate and discuss the challenges and solutions encountered in the industry.

In 2021, OTC featured the Executive Dialogue, special events, and panel sessions which discussed and shared future visions of the advancement of all forms of energy, technology, and safety in the offshore sector. The event provided a unique experience for attendees to interact virtually and in-person with global industry leaders while they shared their insights on technological advances, safety, risk management, marine renewables, business development, and updates on world-class projects.

“

*I have been attending OTC for over 25 years...there is no substitute for the face-to-face opportunities for discussions and learning provided by these exhibitors who are well-prepared to engage customers.*
