FOR IMMEDIATE RELEASE

OTC Asia 2020 Spotlight on New Technology Awards Winners Announced

Kuala Lumpur, Malaysia (6 January 2020) – As industry players continue to explore how to effectively deliver efficiencies, innovative technologies are playing a key role.

The Offshore Technology Conference Asia (OTC Asia), which will be held for the fourth time from 24-27 March 2020 in Kuala Lumpur, Malaysia, has announced the twelve technologies that will receive the prestigious Spotlight on New TechnologySM Award. The awards will be presented at 1530 hours on Wednesday, 25 March 2020 at the Kuala Lumpur Convention Centre.

The Spotlight on New TechnologySM Awards – an exclusive programme for OTC Asia exhibitors – recognises and showcases the latest and most advanced hardware and software technologies that are propelling the industry into the future. This programme is a hallmark of the Offshore Technology Conference's (OTC) events worldwide.

In support and recognition of innovative technologies being developed by small businesses, OTC also features a Spotlight on New Technology Small Business Award. A small business honouree must be independently-owned and operated or a not-for-profit concern and have no more than 300 employees for the 12 months preceding the application deadline.

“At OTC Asia we want to celebrate ground-breaking technologies that progress the industry to new heights, the Spotlight Award winners are developing and exploring inspiring solutions in this ever evolving world. Looking towards the future is our main priority, we hope championing these new technologies encourages companies to continue their own technological advancements,” said Neil Kavanagh, OTC Asia 2020 Oversight Committee Chair.

The OTC Asia Spotlight on New Technology Award Winners for 2020 are:

- Halliburton, producer of RELAY™ Digital Slickline System
- Halliburton, producer of Unique 3D Inversion Capability Provided by EarthStar® 3D Ultra-Deep Resistivity Service
