

# PAVILION TALKS 2024

## SPE PAVILION

Join your fellow SPE members for a range of informative presentations across technical sections, awards, *JPT*<sup>®</sup> and much more.

**Monday, 23 September** (As of 22 August 2024)

**📍 SPE Pavilion, Exhibit Booth 1449**

● 0930-1000

### Discover Better Ways to Research with OnePetro<sup>®</sup>

📍 Pavilion Theatre

Meet with SPE staff to learn how to use SPE's multi-society library, OnePetro, to its fullest potential. A live demo will walk attendees through registration, search, and some of the lesser-known features of the OnePetro platform. Stop by to learn more and share what additional resources would help you most with your everyday research and work.

● 1130-1200

### SPE's Role in the Expanding Energy Landscape

📍 Pavilion Theatre

SPE has supported members' technical and professional growth for over a century, continuously evolving its offerings to reflect industry advancements. In this presentation, **Med Kamal, Chevron Fellow Emeritus and 2023 SPE President**, will highlight how SPE equips members with the latest information on producing oil and natural gas, mitigating climate change, producing greener energy, and enhancing environmental sustainability in the profession.

● 1330-1400

### The Value of Recognition—What Can an SPE Certification Do for You and The Industry

📍 Pavilion Theatre

Join **Bob Merrill**, Chair of the Engineering Professionalism Committee and a practicing PE in Texas, as he explores the crucial role of professional certification. Discover how SPE Certification enhances value for both employees and employers.

● 1400-1430

### SPE Awards—Rewarding Excellence

📍 Pavilion Theatre

Join us in recognizing and honoring industry professionals for their outstanding achievements and service to SPE and the petroleum industry. Learn from esteemed past award recipient **Anil Ambastha** on how to nominate a worthy colleague to join SPE's elite group of regional and international award recipients.

● 1430-1500

### What's New with PRMS?

📍 Pavilion Theatre

Join **Herman Acuna**, President, Ryder Scott as he provides an overview of public comments received for the **Petroleum Resources Management System (PRMS)** Update.

● 1500-1520

### CO<sub>2</sub> Storage Resources Management System Updates

📍 Pavilion Theatre

Discover the latest developments taking place in **CO<sub>2</sub> Storage Resources Management System (SRMS)** with **George Koperna**, Vice President, Advanced Resources International, Inc.

● 1600-1630

### Empowering the Next Generation in Oil & Gas

📍 Pavilion Theatre

Join **The Way Ahead**<sup>™</sup> editorial board member, **Indira Saripally**, as she shares invaluable insights on how SPE's global resources and programs support her role as a Reservoir Engineer Advisor at Occidental Oil & Gas Company. Indira's experience provides a unique perspective on how young professionals can thrive amid the oil industry's cyclical booms and busts.

# PAVILION TALKS 2024 SPE PAVILION
