# IPTC Excellence Awards

## Be the First to Win the IPTC **Sustainability Excellence** Award!

Celebrate the pioneers of sustainable energy with the IPTC Sustainability Excellence Award. This prestigious new award honours companies in the upstream energy industry that demonstrate exceptional sustainability efforts, with a minimum capital investment of USD 50 million. From reducing GHG emissions and conserving water, to creating societal value through job creation, training, and promoting diversity, these projects leave a lasting impact.

The award also recognises innovations in health and safety, ensuring the well-being of employees and communities. Be among the inaugural recipients to set the benchmark for sustainability in the energy sector.

**Lead the way in the energy transition!**  
**Submit your nomination today!**

### SUBMISSION CRITERIA
