IPTC Excellence Awards

Honour Tomorrow's Leaders with the First IPTC **Young Professional Achievement Award!**

Recognise the next generation of innovators with the inaugural IPTC Young Professional Achievement Award. This prestigious award celebrates young professionals, aged 35 or younger, who are driving progress through cutting-edge technology, leadership, and global recognition.

From publishing impactful technical papers or securing patents to developing breakthrough technologies, these rising stars are making their mark on the energy industry. With active engagement in professional societies and global industry events, they are paving the way for the future of energy.

**Nominate an exceptional young professional today and
help highlight the leaders shaping tomorrow!**
