Energy for All: Reflect > Innovate > Evolve

The seventeenth edition of the International Petroleum Technology Conference (IPTC) will be hosted by PETRONAS and co-hosted by SLB from 18–20 February 2025 in Kuala Lumpur, Malaysia.

A world renowned multi-disciplinary conference covering major sector subject areas:

Oil and Gas Exploration

Reservoir Management

Production Technology

Project Management

HSE

Decarbonisation

Net-zero Solutions

Sustainability

Diversity, Equity & Inclusion

Digital and Automation Technologies

Capability Building

Drilling and Completions

Facilities Management

CCS/CCUS

COLLABORATE AND CREATE SUSTAINABLE VALUES FOR THE ENERGY INDUSTRY

 **10,000+**
oil, gas and energy
professionals

 **1,000+**
participating
organisations

 **60+**
countries
represented

JOIN US IN KUALA LUMPUR | REGISTER TODAY

IPTC 2025 At a Glance

CONFERENCE

 **350+**
leading industry and
technical experts

 **350+**
technical paper
presentations

 **40+**
technical
sessions

 **6+**
strategic plenary
and panel sessions

 **ACCESS**
preliminary programme

EXHIBITION

 **3,000+**
nett sqm of
exhibition to explore

 **350+**
sponsors and
exhibitors

 **200+**
on-floor ePoster
presentations

 **20+**
exhibition
seminars

 **ACCESS**
sponsors list

 **ACCESS**
exhibitors list

SPECIAL PROGRAMMES

 **4x** industry development
programmes - emerging
leaders- DEI participants-
university students globally
and- high school STEM
teachers and students

- Emerging Leaders
- Diversity, Equity and Inclusion
- University Students
- High School STEM Teachers and Students

 **IPTC**
Excellence Awards

 **ACCESS**
development activities

 **ACCESS**
IPTC Excellence Awards

Leading Industry Speakers

Jukris Abdul Wahab
Executive Vice
President & CEO
Upstream
PETRONAS

Olivier Le Peuch
Chief Executive Officer
SLB

Montri Rawanchaikul
Chief Executive Officer
PTTEP

Datuk Adif Zulkifli
Executive Vice
President & CEO
Gas & Maritime
Business
PETRONAS

Khaled Al Mogharbel
Executive Vice
President
Geographies
SLB

Ali A. Al-Meshari
Senior Vice President
Technology Oversight
& Coordination
Saudi Aramco

Helle Kristoffersen
President Asia
TotalEnergies

Sean Chung
Executive Vice President
Sustainable Project
Development
Samsung E&A

**Datin Ts. Ir. Nor Ziha
Zainol Abidin**
Head (Corporate Ventures
& Development), Strategy
& Ventures Division
Tenaga Nasional Berhad

Nick Cooper
Executive Chair
Storegga

Sophie Zurquiyah
Chief Executive Officer
Viridien

Waleed Al Saif
Senior Vice President
New Energies
Saudi Aramco

Leading Industry Speakers

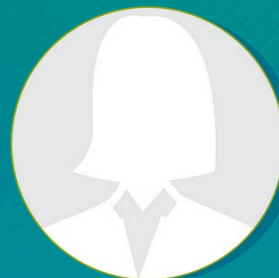

Siti Sulaiman
Country Chair &
Senior Vice President
Upstream
Shell Malaysia

Ben Daly
Managing Director
Global Head, Transition
Finance
Standard Chartered

Nagaraj Srinivasan
Senior Vice President
Landmark
Halliburton

Pariyachat Oonkhanond
Senior Vice President
Engineering Technical COE
Division
**PTT Exploration and
Production Public Company
Limited**

Porpich Pongparnish
Vice President, Digital
**Chevron Thailand
Exploration and
Production, Ltd**

Mrinal Vohra
Vice President - APAC
Expro

**Mohd Redhani Abdul
Rahman**
Vice President
Exploration &
International Assets
Upstream
PETRONAS

Egon van der Hoeven
Vice President
Business Development
**ExxonMobil Low
Carbon Solutions**

Hazli Sham Kassim
Vice President
Development Upstream
PETRONAS

Khalid O. AlRufaii
Director
Western Area & Strategic
Exploration
Saudi Aramco

Hongkun Dong
Regional Director

Leading Industry Speakers

Dr. Guangfu Wang
Chief Expert
SINOPEC Group
Petroleum Exploration
and Production
Research Institute

Kieth Collins
Managing Director
Upstream Oil & Gas
Dialog Energy

Deborah Sacrey
2024-2025 **AAPG**
President
Auburn Energy

Sanjeev Rajput
2024-2025 Vice
President **EAGE**
Custodian and General
Manager of Reservoir
Geoscience
PETRONAS

John Eastwood
2024-2025 **SEG**
President
Retired from
ExxonMobil

Olivier Houzé
2025 **SPE** President
Co-founder and
Managing Director
KAPPA Engineering

Sandeep K. Chola
Head (Technical
Capability)
Technical Assurance &
Capability
PETRONAS

**Sherilyn Williams-
Stroud**
Research Scientist Illinois
State Geological Survey
Prairie Research Institute
University of Illinois
Urbana-Champaign

GET INSPIRED BY THE BRIGHTEST MINDS IN ENERGY!

Join us from 18–20 February 2025 in Kuala Lumpur, Malaysia .

Take advantage of Early Bird savings ending 20 January 2025.

Insightful and Dynamic Dialogues

CEO Dialogue

Energy for All: Reflect

Executive Plenaries

- Energy for All: Innovate
- Energy for All: Evolve

Strategic Panels

- Driving Operational Excellence through Digital Transformation and Advanced Analytics Technology
- Accelerating Decarbonisation: Policies to Pathways
- The Future of Exploration: Sustainability and Success for the Next Decade
- Pushing the Frontiers of Field Development: Making the Seemingly Impossible Economically Attractive
- The Future of Natural Gas in a Low Carbon World: Navigating Challenges Across Asia
- Building a Talent Ecosystem for the Energy Transition

Industry Panels

- IPTC Society Presidents
- CCUS/CCTUS: Breakthroughs in Technologies and Innovative Business Solutions
- Clean Energy: Hydrogen
- Pioneering Progress: Maximising Brownfield Potential through Innovations and Best Practices

Expert Insights and In-Depth Learning Opportunities

AAPG

Advancing the World of Petroleum Geosciences™

EAGE

EUROPEAN
ASSOCIATION OF
GEOLOGISTS &
ENGINEERS

SOCIETY OF EXPLORATION
GEOPHYSICISTS

IPTC is uniquely organised by four professional associations the American Association of Petroleum Geologists (AAPG); the European Association of Geoscientists and Engineers (EAGE); the Society of Exploration Geophysicists (SEG); and the Society of Petroleum Engineers (SPE), serving as the only fully integrated major joint event in the Middle East and Asia.

IPTC is a vital hub for geoscientists and engineers, fostering collaboration on integrated technical solutions to address the evolving needs of the energy sector while promoting impactful decarbonisation solutions.

Training Courses

1. **AAPG:** In The Era of Energy Transition, Is There Any Change in Geothermal Exploration?
2. **EAGE:** Risk Assessment of CO₂ Storage by Understanding Coupled Thermo-Hydro-Chemical-Mechanical Processes
3. **SEG:** Physics and Data Driven Seismic Data Analysis: A Narrative of Two Approaches
4. **SPE:** Energy Transition and Sustainability for Oil & Gas and Non-Petroleum Professionals

Distinguished Lecturer Sessions

AAPG

- Climate Change, Atmospheric and Social: Implications for the Future Geoscience Workforce
- Natural Hydrogen: An Overlooked Potential Energy Resource

EAGE

- Charting the Convergence: Bridging the Digital Divide, Sustainability, and Skills Gap

SEG

- Look Beneath the Surface: Geoscientists and the Future of Carbon Capture

SPE

- CO₂ Storage Resource Management System – Application and Learnings from World's First Booking
- Geomechanical Risks Mitigation – A Must for Safe Long-Term CO₂ Geological Storage
- Well DecomMISSION: Develop Sustainable Approaches to Decarbonize and Repurpose Wells

Comprehensive Technical Coverage

Technical Sessions

- Adoption and Scalability through Digitalisation, Data Analytics and Automation
- Advancements in Completions Technology Applications
- Advancements in Drilling Technology
- Application of Geophysical Methods in Complex Geology
- Big Data/Artificial Intelligence I
- Big Data/Artificial Intelligence II
- Big Data/Artificial Intelligence III
- Big Data/Artificial Intelligence IV
- Challenges in Complex Well Environment
- Challenges in Well Construction I
- Challenges in Well Construction II
- Cloud Computing
- CO2 Injection
- CO2 Modelling
- CO2 Storage
- Decarbonisation through Improved Regulations, Monitoring and Cost Optimisation
- Drilling Fluids and Cementing
- Emerging Topics: Digitalisation, Data Analytics and Automation
- Enhanced Practices in Integrity Management
- Evolving Practices in Facilities Management
- Formation Evaluation
- Geoscience Reservoir Characterisation I
- Geoscience Reservoir Characterisation II
- Hydrogen
- Improving Forecast: Innovative Simulation Techniques
- Innovative Solutions for Production Enhancement
- Integrated Reservoir and Geomechanics
- Integrated Reservoir Development and Management
- Integrated Reservoir Modelling
- Maximising Output: Reservoir Development and Management
- Optimisation of Completions Planning and Execution
- Optimisation of Drilling Well Planning and Execution
- Petroleum Geology
- Practical Approach to Flow Assurance and Pipeline Integrity
- Robotics, Advanced Sensing, and the Internet of Things (IOT)
- Seismic Imaging and Inversion
- Stimulation and Conformance for Sustainable Production Delivery
- Sustainability and Efficiency in Artificial Lift
- Technology Applications for Sand Management
- Unconventional Drilling and Completion
- Unconventional Stimulation and Operational Efficiency
- Unlocking Resources: IOR/EOR Techniques
- Unlocking Values: Reservoir Management Strategy and Integration
- Well Integrity and Well Intervention
- Well Digitalisation and Automation
