Gas Field Development

CALL FOR ABSTRACTS 

About the Workshop

From Resource to Value: Accelerating Gas Field Development in Asia

Asia's appetite for gas keeps growing, but the resources left to develop are smaller, deeper, more contaminated and further from infrastructure. Operators must hold plateau on ageing fields while commercialising marginal, high-CO₂ and stranded accumulations, faster, at lower cost and with a smaller carbon footprint.

This workshop brings together subsurface, wells, facilities, project and commercial practitioners from across Asia Pacific to share what is actually working, from exploration and concept selection to project delivery, plateau management and contaminant handling, through real case studies, hard lessons and open peer discussion.

Held in Kota Kinabalu, it also examines Sabah's and the region's gas commercialisation agenda, and how collaboration turns discovered resources into delivered value

GAIN PRACTICAL INSIGHTS

from real-world field experiences, technical case studies, and lessons learned from gas developments.

DISCOVER NEW TECHNOLOGIES

on the latest advances in digitalisation, AI, automation, and innovative technologies for gas field development and operations.

OPTIMISE ASSET PERFORMANCE

through strategies and technologies to improve recovery, production efficiency, field performance, and overall asset value.

CONNECT WITH INDUSTRY LEADERS

across the gas field development value chain.

Who Should Attend?

- | | |
|---|---|
|  GAS FIELD DEVELOPMENT AND PLANNING |  ASSET INTEGRITY, RELIABILITY, AND MAINTENANCE |
|  EXPLORATION, GEOSCIENCE, AND RESERVOIR ENGINEERING |  PROJECT MANAGEMENT, ENGINEERING, AND PROJECT DELIVERY |
|  PRODUCTION ENGINEERING AND OPTIMISATION |  PROJECT ECONOMICS, COMMERCIALISATION, AND STRATEGIC PLANNING |
|  DRILLING AND COMPLETIONS |  DIGITALISATION, AI, AND TECHNOLOGY INNOVATION |
|  WELL ENGINEERING AND WELL INTEGRITY |  HSE, SUSTAINABILITY, AND ENERGY EFFICIENCY |
|  FACILITIES AND GAS PROCESSING |  DECOMMISSIONING, ABANDONMENT, AND LATE-LIFE ASSET MANAGEMENT |
|  FLOW ASSURANCE AND PIPELINE ENGINEERING | |
|  GAS ASSET MANAGEMENT AND OPERATIONS | |

Sponsorship Opportunities

Sponsorship support of the event helps offset the cost of producing workshops and allows SPE to keep the attendance price within reach of operation level-individuals, those who benefit most from these technical workshops.

Sponsors benefit both directly and indirectly by having their names associated with a specific workshop. While SPE prohibits any type of commercialism within the workshop room itself, the Society recognises that sponsoring companies offer valuable information to attendees outside the technical sessions.

Entitlements	Principal Sponsor USD 10,000	Gold Sponsor USD 8,000	Silver Sponsor USD 4,000	Display Sponsor* USD 2,500
Event Access				
Complimentary Full Workshop registrations	10	6	3	1
Pre- and Onsite Event Branding and Promotion				
Acknowledgement during Welcome Remarks	✓			
Company logo on front cover of workshop flyer/brochure	✓			
Company logo in all workshop promotional email broadcasts	✓	✓	✓	✓
Company mentions/tags in selected regional social media promotions	✓	✓	✓	✓
Company logo displayed during event	✓	✓	✓	✓
Company logo on event website and onsite sponsor recognition displays	✓	✓	✓	✓
Option to display one company bunting**				✓

*Include 1 Oblong Table + 2 Chairs

**Company to provide bunting

Sponsorship packages are offered on a first-come, first-served basis. Please contact [Jessica Tan at jtan@spe.org](mailto:jtan@spe.org) to verify the availability of a particular sponsorship package.

Enhance Brand Identity

Enhance and strengthen your brand identity to a targeted audience

Maximise Visibility

Expand and maximise your brand and organisation's visibility and longevity at the event in-person and on the mobile app

Reinforce Relationships

Reinforce your organisation's relationships with key industry practitioners

Demonstrate Commitment

Demonstrate your commitment to the industry through support

Who We Are

SPE is the largest individual member organisation serving managers, engineers, scientists and other professionals worldwide in the upstream segment of the oil and gas industry.

The Society of Petroleum Engineers (SPE) is a not-for-profit organisation dedicated to advancing the energy industry and empowering professionals. Revenue from this event supports SPE initiatives that drive professional growth, foster community, and deliver innovative solutions. By attending, sponsoring, or exhibiting at an SPE event, you help fund impactful programmes such as JPT, certification, the Distinguished Lecturer Programme, and Energy4me®, our energy education initiative. Together, we are advancing careers, building connections, and shaping the future of energy.
