## Introduction

### iktva Overview —

## In-Kingdom Total Value Add by Saudi Aramco

The establishment of a world-class and globally competitive domestic supply chain that adds transformative value to the Kingdom, is a top priority for Saudi Aramco. Since the 2015 launch of the In-Kingdom Total Value Add (iktva) Program we have made huge strides. The iktva program contributes to Saudi Aramco's reliability and efficiency while maintaining a competitive supply chain. The most important measurement of success, is the impact that iktva is having on people's lives; creating jobs, encouraging learning, expanding career options, and enhancing the Saudi business environment.

Many opportunities have been created as a result of initiatives that have been led by iktva.

Suppliers benefit from the increasing opportunities, expansions, access to a highly skilled workforce, exposure to industry-leading innovation, and capturing markets around the world. Through iktva, we continue to build a robust supply chain that harnesses the energies of innovative industry and technology entrepreneurs, and a highly-skilled, globally competitive workforce. Saudi Aramco is a committed partner in your success, as we journey forward.

The iktva 2022 Forum & Exhibition will take our success story even further forward, in line with the Kingdom's Vision 2030 Economic Roadmap. Our theme for the 2022 event is, "Paving the way to economic success" with "Future readiness forged from localization."

At Dhahran Expo Center, over three days (January 24 to 26), we promise you a unique platform for engagement and connecting with innovative businesses in our supply chain, both domestic and international. A full program of workshops and seminars will provide opportunities for engagement with businesses committed to boosting local content within the Saudi energy economy.

Our collective quest is to continue to transform and diversify the Kingdom's economy through partnership and collaboration, creating high-value, and high-skilled jobs for the Saudi population. Through the iktva Program we will continue to build a resilient economy for the future. iktva has come a

long way since its launch in 2015, and the iktva 2022 Forum & Exhibition will gather together the key enablers of the energy industry and government to drive forward the program's ambitious agenda with focus, momentum and intensity.

By supporting capacity building in the Kingdom's energy sector, nurturing small-to medium-sized enterprises and establishing national training centers, together we will enhance the reliability of our supply chain, boost the efficiency of our operations and build our workforce of the future.

It is a win-win scenario for all who participate in the iktva Program.

## Health Memo

### PCR Testing & COVID-19 Safety Guidelines

International travelers must have a negative PCR test result to enter Saudi Arabia.

The PCR test must be completed no more than 72 hours before the landing time in Dammam - the 72 hour window starts at the time of testing.

Travelers must have a paper copy of the negative PCR result to present with the passport and visa on arrival.

Please note that masks are mandatory — for both indoor and outdoor public areas, as well as vehicles with more than one occupant.

## COVID-19 Responsibility

### Get the COVID-19 vaccine

Get vaccinated for yourself and your family. Register now on MyChart or [jhah.com](http://jhah.com).

### Wash your hands

Wash your hands with soap and water for 40 to 60 seconds. Or use hand sanitizer for 20 seconds.

### Don't touch your face

Avoid touching your eyes, nose, and mouth.

### Maintain physical distance

Keep a distance of 2 meters from others.

### Cover your cough or sneeze

Use a tissue and dispose of it responsibly. If you don't have a tissue, cough or sneeze into your upper arm.

### Wear a face mask in public

Face masks should be worn when you may be near people. Wearing a face mask is not a substitute for physical distancing.

### Recognize symptoms

If you have a fever, cough, or difficulty breathing, call your health care provider immediately.

### Stay informed

Follow your health care provider's advice. Avoid rumors and unverified information in social media.

## Vaccination Requirements

International travelers must obtain one of the vaccines approved in the Kingdom:

- Pfizer-BioNTech (two doses).
- Oxford-AstraZeneca (two doses).
- Moderna (two doses).
- Janssen (Johnson & Johnson) (single dose).

Based on the recommendation of the National Committee for Infectious Diseases, people who have received two doses of the "Sinopharm" or "Sinovac" vaccines can be allowed into the Kingdom, provided that they receive a booster dose of one of the above-mentioned approved vaccines in the Kingdom. The same conditions apply to approving immunization certificates.

International travelers must always have a paper copy of their vaccine certificate while in Saudi Arabia. The vaccine certificate should contain an English translation.

For more info, please visit: **Ministry of Health**

### Registration on MUQEEM and/or TAWAKKALNA App

#### Muqem

Please register yourself on Muqem prior to your flight departure:

##### Registration

Please click the English button at the top of the page, located under the globe, for an accurate English translation.

You should select "vaccinated visitor" to enter the correct channel for foreign visitors to Saudi Arabia.

Kindly print out a copy of the completed form and carry it at all times during your stay in Saudi Arabia.

#### Tawakkalna

Please download the Tawakkalna App on your mobile and activate it upon your arrival in Saudi Arabia.

If you have difficulty accessing the app, you can present a paper copy of your vaccination certificate or your Muqem Form.
