ABOUT THE ARTIST

Christine trained in Architecture and Engineering in Aberdeen, Glasgow, and Yorkshire. After many years working in corporate and technical roles, she set up her own art business part time in 2014. As business expanded it transitioned to a full time Limited company in early 2022 working to supply trade and wholesale orders as well as small sales, art classes and tutorials.

Working in watercolour and oil paints using bold saturated colour she captures her vision of the wildlife, landmarks and landscapes of Scotland and around the UK. Living on the west coast of Scotland, she runs the business, painting, designing, and creating artwork and gift ranges, in small batches from her home studio in Ayrshire with the help of a small team of makers, including family and friends. We are passionate about using UK suppliers and production for all of our product

NEW PRODUCTS FOR 2024

- Cushions

OUR PRODUCTS

We are excited to announce lots of new products as well as favourite designs. These include a range of home textiles and kitchen products, as well as new prints and fun artworks.

At Christine Allan Artist we pride ourselves on the fact that the vast majority of our gift and home ranges are not just designed in Scotland, but manufactured, printed and produced here too. We still outsource some products, but when we do we ensure these are made in the UK using high quality suppliers and producers.

Christine is always painting, sketching, travelling and working on new ideas for designs to add to our range. As we produce in-house and have worked for a number of companies to create products or designs just for them, we are only too happy to discuss any requests for bespoke items.
