

Most coffee shops are surrounded by competitors, all trying to serve the same coffee drinking customer. In Falkirk, where our company is based, there are more than 20 cafes all within a stone's throw of each other in the town centre, all fighting to sell their coffee.

At 'Henry's Coffee Company', we help our coffee shop customers stand out from the crowd, to rise above their competitors.

As a result, they serve more customers, sell more coffee and their business grows.
