Hello! I'm Marc

Working from my Glasgow based studio, I design and manufacture fused glass. With an eye for detail and a passion for all things creative, I make high quality decorations, greetings cards and gifts.

I am inspired by all things Scottish, from the Hebrides to the Highlands.

This encourages me to create my very own range of Scottish glassworks, including my unique version of the famous Tunnock's Tea Cake, which is one of my best sellers.

I'm constantly developing new ideas to add to my range of products and I am excited to share with you my range for 2021.
