Scottish Skies Range

Our 'Scottish Skies' contemporary sterling silver and leather jewellery collection is a celebration of the unique words we use in Scotland to describe the weather - Gloaming, Smirr, Haar and Snell - transferred onto silver. Because of the 'less-is-more' design of this range they also work as a collection of timeless, contemporary jewellery, suitable for any occasion and desirable for any gift or jewellery retailer regardless of location. Necklaces are available in standard lengths 16", 17" 18" and 19" and we can make to order. All our leather necklaces have our trademark button fastening so are very easy to wear. We recommend 8-10 pieces (eg 2 designs, 1 of each item) to create a nice display.
