## DoodleCraft Gifts

DoodleCraft Gifts offers a range of fabric choices as well as personalisation options to our customers.

The gifts are currently fabric Games Boards or Cushions, other mediums are open to discussion and all images are copyrighted by DoodleCraft Design Ltd – our parent company. We are considering use of the designs on Mugs, T Shirts and other items but these will be developed over time but are not available today.

### Games Boards

Nearly all the games boards come in a 40cm x 40cm (16inch x 16 inch) format as this is the size of a competition Chess Board, some of the Backgammon boards are a rectangle rather than a square and therefore have different sizes. We can offer other sizes with amended pricing dependent on size.

The Games Board designs can be ordered printed onto the following fabrics:

- **100% Cotton Canvas** - a hard wearing fabric which is supplied as a foldable board with your choice of a Burgundy or Navy Blue backing.
- **100% Cotton** - this is supplied as either a readymade cushion (12 x 12 inch/30 x 30cm hollow fibre filling) with a calico backing.
- **Parchment fabric** - this looks and feels like parchment but is hard wearing and does not tear or fray, this option is supplied in a cardboard tube for gifting.
- **Neoprene** - suitable for children, what an unusual gift!
- **Vegan Leather** - the look and feel of leather but no animals are harmed in the making of these boards. Can be rolled up or folded and very hard wearing.
- **Vegan Leather inset into an Oak frame** - our prestige top of the line version - a truly smart gift!
