A lifetime's experience in wool and sheepskin

We'll tell you where everything is made and what it is made from to ensure an ethical supply chain from sheep to jumper or slipper wearer.

We pride ourselves on being a trusted trade partner to retailers providing exemplary customer service, personal sales visits, quick stock turnaround, product support and a lovely cup of tea and biscuit if you come and visit us.

A Family Business

Ring us in our 200 year old converted limestone barn and you'll speak to Richard, Justina or Edward Sexton. Richard Sexton has worked in the wool and sheepskin industry since the 1960s and still hand finishes all our sheepskin rugs to this day. Edward is encouraging his parents to slow down a little bit and ensuring we're fit for the next 30+ years of business.

We work with small independents, large national chains and international buyers and retailers. Big or small we provide the same consistent service, contact us to find out more.

Glencroft is a proudly British brand of trustworthy countrywear made from natural materials.

Established in 1987 in the heart of the Yorkshire Dales we take our inspiration from the surrounding countryside and way of life. You won't find us on any catwalks but you will find quality affordable timeless products, in both traditional and contemporary styles.

We manufacture the majority of our range right here in the UK, with a small amount made in mainland Europe. Many of our products have been manufactured by the same people and in the same way for over 30 years.

Our experience sourcing and manufacturing British wool, Harris Tweed, sheepskin, cashmere and other natural fibre products ensures a high quality that lasts many years.

The Perfect Fit

The back of the cap is designed to extend over the occipital bone for comfort and proper fit.

* All our rare breed rugs are natural and undyed. As such, colours vary from off white to almost black and every pattern in between.

Glencroft Rare Breed and Natural sheepskin rugs come from British sheep. These sheep are from farms across the British Isles where they have been free to roam the countryside and eat the grass. Sheepskins are tanned in the UK and every single Glencroft British sheepskin rug is then hand finished by Richard in our Yorkshire Dales warehouse.

Sadly a weave-up isn't a woolly knees-up. It's the process of using up spare and redundant yarn to make scarves and rugs.
