BESPOKE AND MERCHANDISE

Talk to us about bespoke or branded products for your business and your customers, such as coasters, plaques, keyrings or bottle openers, ideal for souvenirs or promotional items. We can also make other wooden items to your specification and design, as well as offering coasters in slate.

Most of our designs can be made on any of our product lines, so if there's a format you'd like that isn't currently shown in the catalogue, just get in touch.

COASTERS

Handmade from natural slate or sustainably sourced beech hardwood, our coasters are eye-catching and original, with non-slip feet. The wooden coasters are also varnished for protection. We have a wide range of laser-engraved designs to suit all tastes and occasions.

We can also make bespoke designs which would be popular with your customers, and also as merchandising for your business.
