

Glenna

Sterling Silver

About us

On a hilltop, on a bright summers day, the inspiration to create a contemporary jewellery collection with a distinctive Scottish style was born.

Glenna has always been inspired by the beautiful surroundings of Dumfries & Galloway, a place she has called home all her life. With open countryside, coastal villages and natural wildlife, inspiration for the next Glenna collection is always close by.

Every Glenna piece is made of the highest quality sterling silver and has a modern, timeless appeal. Passionate about jewellery design, all collections are designed in house by Glenna and her team. Every Glenna piece comes beautifully gift boxed with a design inspiration story card to match.

The story has just begun with stockists being appointed throughout the UK

Hope you love the collections,

Glenna and the team x
