

Island Bakery
ISLE OF MULL

Biscuits from a Scottish Island

Joe moved with his family to the Isle of Mull aged 11, and after university in Edinburgh, where he met his wife Dawn, he was keen to return home. In 1994 they created Island Bakery.

Initially producing bread for the islanders, things evolved until they started baking organic biscuits in 2001. The business grew and in 2012, they built a purpose built eco-factory in Tobermory.

Island Bakery only uses organic ingredients with one exception for Isle of Mull Cheese. Joe and Dawn are proud of the quality and taste of the biscuits produced and want everyone to enjoy a little part of the Isle of Mull.

Powered by Nature

We care about the environment both on Mull and globally

Island Bakery is unique as the only biscuit producer in the world baking with woodfired ovens

The wood is sourced from the island

Renewable Electricity for the factory and office is generated by the Reade family from Hydro scheme on a nearby river and by a wind turbine on a hill overlooking the factory

Our biscuits are presented in paper trays reducing plastic use

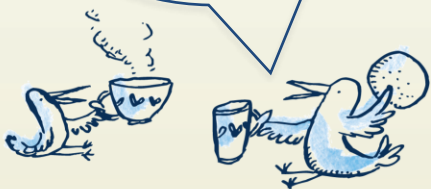

Proud of our Quality

I received some Orange Melts and Shortbread Biscuits for Christmas.

Allow me to say that they are exceptional. Never had such amazing shortbread biscuits in my life!

Your shortbread are as good as my Scottish Grandma used to make, in other words, flipping fantastic! The best I've ever purchased.

Although a small supplier we work to the highest technical standards

We are accredited by SALSA and the Soil Association

We have won 12 Great Taste Awards. This year we won 1 Star for two of our Oatcakes - Three Seeds, and Black Pepper, and Sweet Biscuits Oat Crumbles. Lemon Melts won 2 Gold Stars, matching Apple Crumbles' 2020 success.

At the BOOM Awards in 2021 we won 2 sub-category awards, Best Organic Vegan Product and Best Organic Bakery Product (Sweet)

Organic indulgence from the Hebrides

Organic Sweet Biscuit Range

The Isle of Mull is renowned for wild and unspoilt landscapes and its welcoming islanders. It's our home and where we make these particularly characterful biscuits.

We use only organic ingredients in generous proportions. Then we bake in unique ovens heated by Mull's plentiful renewable timber for a perfect gentle bake.

Our mixers whizz with clean electricity generated on the Tobermory river that flows past our bakery. This works best on Mull's frequent rainy days...every cloud has a biscuit lining

Lemon Melts

Without a doubt, **LEMON MELTS** are our most popular creation. One taste and you will discover why. The zesty lemon biscuit is the perfect foil for the rich, sweet blanket of white chocolate, and the melt in the mouth texture adds to the joy.

Available in: 12 x 133g, 48 x 25g

Suitable for Vegetarians

Contains Wheat, Milk and Soya

Chocolate Gingers

CHOCOLATE GINGERS are the connoisseur's choice. It is no surprise that the biscuit cognoscenti are attracted to the generous chunk of moist stem ginger peeking out from beneath dark chocolate drapery, nestling on a subtly spiced ginger biscuit. Who wouldn't be?

Available in: 12 x 133g, 40 x 30g

Suitable for Vegetarians

Contains Wheat, Milk and Soya

Shortbread Biscuits

The ingredients list is short and sweet, just like these **SHORTBREAD BISCUITS**. Our bakers skillfully blend four basic ingredients to deliver just the right balance of crunch, sweetness and the rich butter taste you can only get from an all-butter recipe. Less is more when it comes to shortbread!

Available in: 12 x 125g, 48 x 25G

Suitable for Vegetarians

Contains Wheat and Milk

Apple Crumbles

All the comforting flavour of a piping hot, home-baked, apple crumble in a biscuit. These **APPLE CRUMBLES** have it all – rich butteriness, jumbo oats, cinnamon spice, sugary crunch and chewy apple pieces. Close your eyes and you're back at home for Sunday dinner.

Available in: 12 x 125g, 48 x 25g

Suitable for Vegetarians

Contains Wheat and Milk

Oat Crumbles

Our **OAT CRUMBLES** are the most versatile variety in the range. They are less sweet than some, yet sweet enough to satisfy a tea-time craving, and substantial enough with their jumbo oats, to keep you going for a while. Honey and butter add to the flavour profile. The more adventurous have found that they go rather well with cheese.

Available in: 12 x 125g, 48 x 25g

Suitable for Vegetarians

Contains Wheat and Milk

Lime Melts

Similar in style to the best-selling Lemon Melts, our **LIME MELTS** use organic dark chocolate and lime oil to create a sophisticated taste experience. This combination was inspired by the Chocolate Lime sweets that Dawn's granny used to share with her.

Available in: 12 x 133g

Suitable for Vegetarians

Contains Wheat, Milk and Soya

Orange Melts

Citrus sensation **ORANGE MELTS** are a sister to our bestselling Lemon Melts. Based on the same melting, all-butter recipe with pure organic orange oil in place of lemon. These biscuits are dipped in smooth organic milk chocolate. A classic flavour combination that has been a big hit with our staff

Available in: 12 x 133g

Suitable for Vegetarians

Contains Wheat, Milk and Soya

Blonde Chocaccinos

Our **BLONDE CHOCACCINOS** combine coffee and cinnamon in a light all-butter biscuit, dipped in creamy organic Belgian white chocolate, our Blonde Chocaccinos are a perfect pick-me-up. You'll never find artificial flavours in our biscuits, so there are real roasted crushed coffee beans running through these concoctions.

Available in: 12 x 133g

Suitable for Vegetarians

Contains Wheat, Milk and Soya

Blissfully Buttery Baking

Tinned Shortbread & Biscuit Range

Here at the Island Bakery, we think good shortbread deserves nothing but butter. We never use margarines or palm oil.

Our Blissfully Buttery Range celebrates Scottish shortbread in its simplest, classic form and some more curious combinations.

We use only organic ingredients, baked in unique ovens heated by Mull's plentiful renewable timber for a perfect gentle bake.

Our mixers whizz with clean electricity generated on the Tobermory river that flows past our bakery. This works best on Mull's frequent rainy days...every cloud has a biscuit lining!

Classic Recipe Shortbread

A perfect balance of crunch, sweetness and the rich butter taste you can only get from an all-butter recipe. Our classic shortbread is the purist's choice, and every bit as delectable as our more creative recipes.

Available in: 6 x 175g

Suitable for Vegetarians

Contains Wheat and Milk

Orange, Cranberry & Pecan Shortbread

A bright and lively orange taste underpins the contrasting textures of soft, chewy cranberries, gently yielding pecan nuts, and a light, crisp butter shortbread. The tart cranberries lend a piquant counterpoint to the creamy pecans and butteriness of the biscuit. The orange flavour comes from the natural oil extracted from the zest of the fruit, and like all our ingredients is organic.

Available in: 6 x 215g

Suitable for Vegetarians

Contains Wheat, Nuts and Milk

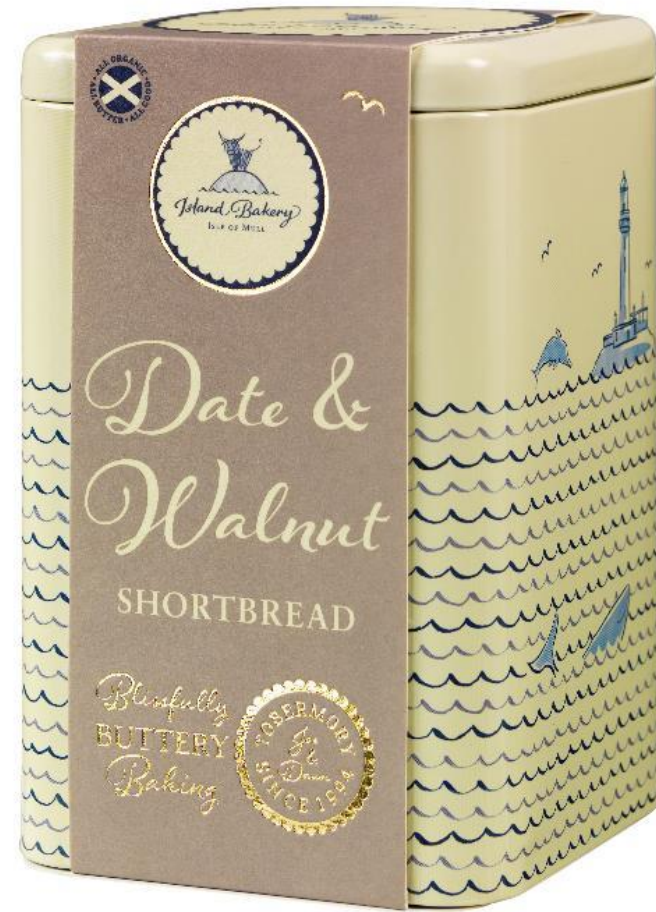

Date & Walnut Shortbread

Our buttery shortbread base is the perfect support to this classic fruit and nut combination. The sweet, sticky richness of dates is balanced by the mild creaminess of walnuts. These shortbread biscuits have a varied texture with dates providing a chewy foil to the delicate crumbly walnuts.

Available in: 6 x 215g

Suitable for Vegetarians

Contains Wheat, Nuts and Milk

Peanut, Choc Chip & Toffee Shortbread

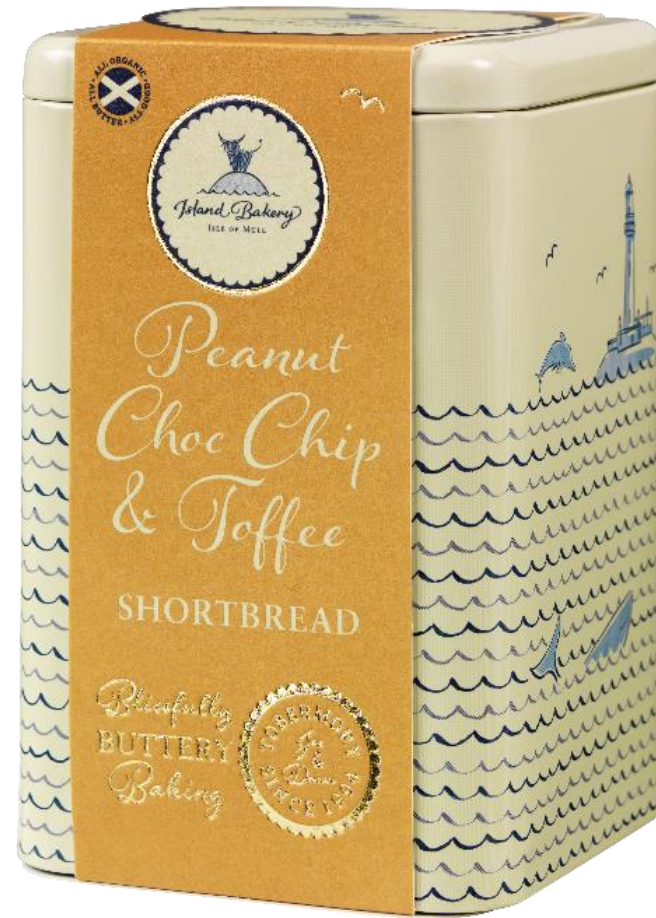

Enticing nuggets of toffee, crunchy peanuts and melt-in-the-mouth dark chocolate chips combine in our all-butter shortbread. The flavour profile delivers a biscuity interpretation of a popular chocolate bar (guess which one?).

It certainly wouldn't take a marathon effort to overindulge in these! Luckily all of our tins have two individually sealed packets of biscuits inside, so those lacking in willpower get a little helping hand.

Available in: 6 x 215g

Suitable for Vegetarians

Contains Wheat, Peanuts and Milk

Lemon Melts

These Very Important Biscuits are not shortbreads, but they are our most popular product. Lemon Melts have earned a place in the tin collection because the Lemon Melt devotee wants to show their nearest and dearest what excellent taste they have when offering them a gift. Of course this has the added advantage that they don't have to share their own supply.

Available in: 6 x 180g

Suitable for Vegetarians

Contains Wheat, Milk and Soya

A Cheese Biscuit Range
with
Genuine Local Provenance

Isle of Mull Cheese Biscuit Range

Beside our bakery on Mull is Sgriob Ruadh Farm where Joe's parents Jeff & Chris established Isle of Mull Cheese. It's one of the few Scottish cheeses still made with the milk from a single herd.

The cows graze in fields next to the bakery, amid the aroma of baking biscuits. Their diet is lush Mull grass and barley from Tobermory distillery combine to give a fulsome flavour to the cheddar style cheese. We lovingly blend with organic ingredients and gently bake in our wood-fired ovens.

We wouldn't dream of using any other cheese in our biscuits. Dedicated experimentation may be required to decide the perfect drinking pairing for each variety!

GLUTEN FREE

The Gluten Free Cookie that everyone can enjoy

Made with our unique formulation of gluten free oats, almond and tapioca flours, Sweet FA cookies have none of the gritty residue normally associated with gluten free baking. Our cookies are made with the best organic ingredients and are suitable for vegans and coeliacs, but HONESTLY, everybody can enjoy them!

When Fiona Aitali, the Chief Biscuit Engineer at Island Bakery, found out she was coeliac, she was determined to carry on baking and enjoying good food. She created dozens of recipes and flavour combinations, which were all rigorously tested and tweaked by people with and without special dietary requirements. We whittled the choices down to just four varieties, which we are very excited to launch.

F.A are Fiona's initials, and she is sweet and gluten free, just like these cookies!
