

Welcome to Candy Coated Accessories,

I'd like to introduce you to my range of designer knitwear. My collections include luxury lambswool hats, headbands and scarves for you, as well as hot water bottle covers for your home. Each item is exclusively designed by me, Fiona, in my small, but perfectly formed home studio in the North East of Scotland. By combining my skills in machine knitting and sewing I feel the mixture of modern design and traditional technique complement each other perfectly.

# CROSSWISE COLLECTION

Being my newest collection, I knew when designing it I wanted my next pattern to be bigger and bolder, something completely new.

This is when I came across a simple black and white image with lines that seemed to cross over and under one another, I instantly loved it, and this is when Crosswise was born.

Each colourway in this bold geometric pattern has been given its own identity by using two different colours on each one, really making the pattern stand out.

Crosswise offers a wide range of products including headbands, patterned and block-coloured hats, a scarf, a snood, and a hot water bottle cover.

I really love this collection and I hope you do too.

## ARCH COLLECTION

One of my main inspirations is geometric patterns but not all geometric patterns are angular, when looking to create this design I knew I wanted something with a random repeat that incorporated an arch in some way. After many attempts I finally achieved a pattern which was exactly what I was looking for.

With its rich navy base colour the arch pattern really stands out in its bold contrasting colours of rose petal pink, piccalilli yellow and shamrock green.

The scarves in this collection are fully reversible helping to make them even bolder in appearance. These are paired perfectly with matching patterned or plain hats or headbands. If you want to get even cosier, then my mini hot water bottles are for you. These are perfect to snuggle up with on a cold evening once you've returned from a winter walk.
