 Art and gifts from Scotland's west coast

Christine trained in Architecture and Engineering in Aberdeen, Glasgow, and Yorkshire. Following many successful years working in the corporate and technical world, while developing her own artwork style, she set out as a full-time artist in late 2021 and set up Xtineart using her family nickname.

Working in mainly watercolour and oil paints using bold bright bursts of colour she captures her vision of a variety of subjects, including the wonderful animals, wildlife, landmarks, and landscapes that surround her.

Living on the west coast of Scotland, she runs her business, painting, designing, and creating artworks and gift ranges, manufactured in small batches from her home studio in Ayrshire.
