PACKABLE WATERPROOF AND BREATHABLE OUTERWEAR

Our **#PACKABLEWATERPROOF** collection has been completely reinvented for 2021. Performance has been improved to 10,000mm waterproof/8,000gsm breathable for most of the collection*. Origin, Neon and Edition can now be packed away into their own pocket as well as into the sack.

The branding has been completely overhauled, adding improved reflective detailing and a wealth of new colours to choose from. How the product is merchandised and sold in store has also been improved to ensure that styles and sizes are more easily identified. The new hanging system makes it much easier to pick up and re-merchandise.
