## LUXURY SILK SCARF COLLECTION

Wrap up in a gloriously sumptuous scarf this season with the latest edit from

Fiona Matheson Studio

Every piece is designed in the Scottish Highlands by Fiona, who ensures the greatest attention to detail and quality. The entire range originates from her stunning contemporary landscape paintings.

Enjoy wearing these fantastic abstractions of colour and texture. This collection clearly makes a bold statement and, like her original artwork, play with colour, pattern and scale.

Using advanced technology, our scarves are double-sided printed onto exquisite silk twill (60gsm) with delicate hand rolled edges.

Designed in Scotland  
made with utmost care in Shanghai by experts in the industry
